Americans on Board British Steamer Torpedoed Without Warning

FEAR SOME ARE DROWNED

Vessel Left Newport News September 21 Where Americans Shipped As Horsemen—Only 34 of Crew of 104 Landed—Consul at Queenstown is Taking Affidavits

(Associated Press Telegram)
London, Oct. 30.—The American embassy today received a report from Wesley Frost, American consul at Queenstown, that the British steamship Marina had been torpedoed without warning. It is believed a number of Americans were on board.

Only 34 members of the crew of 104 have been picked up and landed at Crook Haven, Ireland.

Lloyds reports that a steamer anchored off Crook Haven, Ireland, signals that she has picked up the shipwrecked crew of the steamship Marina of Glasgow.

The Marina, which has been engaged in trans-Atlantic service was a vessel of 5,024 tons gross, built in 1900. She was last reported as having arrived at Glasgow on October 10, after having sailed from Newport News on September 21.

Mr. Frost is now procuring affidavits from survivors.
A report on the sinking on October 26 of the British steamship Rowanmore also was made to the American embassy by Mr. Frost who states that the vessel was torpedoed. Seven Americans, including five Filipinos, were on board the Rowanmore. Several of them have given Mr. Frost affidavits stating that a submarine shelled the lifeboats while they were being lowered and after they were clear of the ship without causing loss of life.

DETERMINE SHIP'S STATUS.

(Associated Press Telegram)
Washington, Oct. 30.—Dispatches to the state department say the Marina when sunk had a mixed crew of British and Americans and that she was sunk by gunfire without warning.

Consul Frost at Queenstown, specified that the information he transmitted was "provisional." Investigation will be made at once to determine the status of the Marina and the nature of the attack to determine whether any of Germany's pledges to the United States have been violated.

The state department issued this summary of Consul Frost's dispatch: "The British horse transport Marina with a mixed crew of British and Americans was reported sunk without warning by German submarine gun fire at 3 p. m. October 28, 100 miles west of Cape Clear in an official report received at the state department from Consul Frost at Queenstown."

"Thirty-four of the crew of 104 have been landed at Crook Haven, while 70 others presumably those in boats 1 and 3 are missing. Consul Frost says his information so far is purely 'provisional.'"

Survivors of the British freighter Rowanmore, sunk by a submarine after nearly an hour's chase, were shelled after they had taken to their boats, according to another official dispatch from Consul Frost. No casualties were reported.

The freighter was bound from Baltimore to Liverpool with a mixed cargo and was attacked by the submarine on the 25th, 140 miles southeast of Cape Clear and after 50 minutes attempt to escape had her steering gear shot away. Thereupon she stopped, the report says, and signalled that she was abandoning ship. The submarine shelled the boats after they had cleared the ship. The vessel was torpedoed at 11:30, sinking at 2:40.

Seven Americans were on board including five Filipinos and two native Americans, George Murphy, of 740 Jefferson avenue, Brooklyn, and Albert Sessler of 42 Sharon street, Boston.

Investigation, officials realize, may disclose that there has been no violation of German pledges to the United States.

Nevertheless, the first reports incomplete and transmitted by the American consul as "provisional" caused some uneasiness.

The report on the destruction of the Marina refers to the ship as a "British horse transport."

If it turns out that she was in fact in the transport service of the British government, it may be found that the mixed crew of British and American horse lenders could claim none of the immunity against attack without warning that attaches to the merchant ships.

Orders were dispatched at once to gather all information to determine the status of the Marina and her crew.

Although no American lives were lost in the submarine attack on the Rowanmore and the ship altered her own status if she made an attempt to escape, officials were disturbed by the report that the boats were shelled after they had cleared from the abandoned ship. The facts are

expected to be determined by investigation which was ordered begun at once.

FIFTY AMERICANS ABOARD.

(Associated Press Telegram)
Newport News, Va., Oct. 30.—There were fifty Americans on the British steamship Marina, reported torpedoed without warning in today's dispatches from London when she sailed from Newport News. The Americans were signed here as horsemen. They were all white and gave their homes as in various sections of United States.

Local agents for the owners of the Marina say cable advices reported the vessel leaving Glasgow for Newport News on October 25 in ballast.

AMERICANS DROWNED.

(Associated Press Telegram)
London, October 30.—A private telegram received at the American consulate this afternoon from Crook Haven says that a number of Americans were drowned when the British steamship Marina was torpedoed by a German submarine.

State Department Asked to Adopt Means to Relieve Financial Embarrassment of Clerical Force.

(Associated Press Telegram)
Washington, Oct. 30.—Urgent need of financial assistance for American consular officials and clerical assistants in Europe, obliged because of the greatly increased cost of living since the war to pay three times or more normal peace time prices for foodstuffs and personal necessities, is shown in reports received almost daily by the state department. Almost without exception these show what was regarded before the war as attractive compensation for consular employees to be scarcely sufficient to provide food and the bare necessities.

The \$150,000 allowance given by congress as a war fund to be distributed to consular offices to meet increased demands has been allowed and the department is now without means of extending further relief. No provision was made for the relief of clerks and other employees and except for a few whose salaries have been increased, no assistance has been given this class and none is possible until congress provides additional funds.

Department records show there are about six hundred employees in the European consular service whose salaries are \$1,000 a year and less. Nowhere in the war zone has the cost of living not been affected and in some localities it has increased as much as six times what it was before the war.

WHEELING ROAD PURCHASED BY NEW YORK MEN

(Associated Press Telegram)

Cleveland, Oct. 30.—At a sale conducted under the direction of the United States district court here today the Wheeling & Lake Erie railroad was sold to Blair & Company and Kuhn, Loeb & Company, New York for \$12,000,000.

The reorganization plan calls for the addition of \$9,984,708 to the road's treasury. Stockholders are to be assessed \$27 a share to provide this amount and in return are to be given six per cent preferred stock of the road. The new money is to be used in meeting obligations of the road and in improving track and adding to the rolling stock.

The sale was made by Special Master Edwin Drake. W. M. Duncan has been receiver.

Today was the tenth time the Wheeling & Lake Erie has been offered for sale. The price first fixed by federal court was \$20,000,000. This brought no buyers and in 1914 the court cut the price to \$18,500,000. This failed to attract purchasers and recently the price again was dropped to \$12,000,000. The purchaser also assumes debts of the road.

One of the Wheeling's two lines runs from Cleveland southwest to Zanesville. The other crosses it, running from Toledo to Wheeling. There are 460 miles of trackage.

The road now is running 15 passenger trains daily. There are about 1,500 stockholders, most of them easterners. Half of the stock in the road is owned by the Wabash Terminal Railroad Company, Pittsburgh.

FRENCH WEDGE ADVANCED

Line of Trenches On Bapaume Road Taken In Sunday Attack—British Troops Claim Success After Pounding For Two Days at German Positions Near Le Transloy

(Associated Press Telegram)
London, Oct. 30.—The British steamship Marina, a vessel of more than 5,000 tons, engaged in trans-Atlantic service, has been sunk near the Irish coast. A London dispatch states that the American embassy there has received a report from the American consulate at Queenstown that she was torpedoed without warning.

The Marina reached Glasgow from Baltimore and Newport News, on October 10. Her destination on her new voyage has not been reported.

A number of Americans are believed to have been on board, the London advices state. The Americans if any, doubtless were members of the crew as the Marina was not a passenger carrying vessel.

Both the British and the French on the Somme front report a successful conclusion of their efforts to drive the point of the wedge created by their prolonged offensive further into the German lines.

This point at present projects across the Peronne-Bapaume road at Sailly-Saillies.

Last night the French again struck the German front here and according to the Paris war office captured a system of trenches north-west of Sailly-Saillies, advancing as far as the Sailly church.

Immediately to the northwest, at the convergence of their front with that of the French, the British have been pounding for two days at German positions near Le Transloy and have reported the capture of several trenches. Further messages from Amsterdam today said to be based on German advices, reiterate the report that Captain Boelke, the famous German aviator, who last Friday shot down his fortieth hostile airplane has been killed in an aerial engagement. He is said to have been brought to earth by a British aviator with whom he was engaged near Cambrai, France.

The Rumanians apparently are continuing their more effective resistance to the Austro-German pressure along the Moldavian and Southern Transylvanian fronts. Berlin, however, reports a Teutonic success in the Rothermter pass region south of Hermannstadt, where strongly defended heights were taken from the Rumanians, together with more than 700 prisoners. In the Szurdak pass region the Rumanians succeeded in pushing back a German column.

In Dobruja Field Marshal von Mackensen's advance which has been pursuing the defeated Russo-Rumanian army, has got into touch with Russian cavalry and infantry forces in the northern part of the Province, Berlin announces.

A repetition of Russian attacks in Volhynia has only resulted in further defeats for the Russians. The German war office declares, despite unusually heavy artillery preparation.

On the Somme front just south of the river near Peronne, the Germans yesterday successfully stormed the French lines from La Maisonette farm to Biaches, according to Berlin, capturing the farm and the ground intervening with more than 400 prisoners. Paris admits that German troops obtained a footing in some of the farm buildings.

Regarding the fighting near Transloy north of the Somme, Berlin concedes the British a small extension of their position east of Les Bœufs.

PAPER HOSTILE TO PRESIDENT SEES DRIFT TO WILSON.
Washington, Oct. 30.—The Washington Post, notoriously hostile to the administration, in its leading editorial yesterday warns Republicans against impending disaster on Nov. 7.

"When the state of Ohio gives signs of going to Wilson by a heavy plurality, it is not surprising that the Republicans are worried," it says.

"Call everything guesswork, if you like. Stress the fact that no one can predict anything. Yet no one can honestly shut his eyes to the visible."

Mr. Wilson has unquestionably gained upon Mr. Hughes during the latter half of October.

"Seven working days remain before election. Anything may happen, of course, but the history of previous elections does not disclose any case in which the last week of a campaign upset all that has gone before, or even materially altered the trend of public opinion."

"The palpable drift toward Mr. Wilson is the outstanding feature of the late campaign. It is the great, definite fact that confronts the Republican managers throughout the north. They must meet and master it this week or it will defeat them."

FRENCH CHILDREN OFF TO GREET HOPELESSLY WOUNDED PAPAS WHEN THEY ARRIVE FROM GERMAN PRISON CAMP

These little French children are on their way to meet trains carrying their hopelessly wounded fathers. The brave soldiers whom they will welcome were captured months ago by the Germans, and since they can never fight again they are being exchanged for captured German soldiers, who are also crippled for life. This is one of the really pitiful sights of the war.

GEN. HOHENBORN NEW COMMANDER ON FRENCH FRONT

(Associated Press Telegram)

London, Oct. 30.—A Berlin dispatch forwarded from Amsterdam says that the German emperor has sent Lieutenant General Adolf Wild von Hohenborn, the Prussian minister of war to take command of an army corps on the western front and that the emperor has appointed as Prussian minister of war and state Lieutenant General Von Stein. The change it is stated, is due to the desire that the minister of war who must decide military measures at home, should have a thorough experience in the increasing wants of the army in the field.

General Von Stein was appointed to the command of the Fourteenth Reserve Army Corps in September, 1914, after having served as quartermaster general. As late as two months ago he was in command of troops in the Somme sector of the German front in France, apparently in the vicinity of Thiepval. General Wild von Hohenborn was made quartermaster general in January, 1915, and was appointed minister of war to succeed General Von Falkenhayn a few days later. Before his appointment as quartermaster general he saw considerable service as a division commander with the German army in Flanders.

BOELKE'S DEATH DEEPLY AFFECTS KAISER WILHELM

(Associated Press Telegram)
London, Oct. 30.—Captain Boelke, the noted German aviator, whose death was reported yesterday in news agency dispatches from Amsterdam based on a Berlin message, is said by the Exchange Telegraph Company's Amsterdam correspondent to have been brought down by a British aviator east of Cambrai. A Cologne message brought this news, it is stated.

Captain Boelke's death, adds the correspondent, was announced by Emperor Wilhelm at a luncheon given on Saturday at Castle Bellevue by the emperor to Field Marshal Von Hindenburg. The news, it is said, made a deep impression, especially on the emperor, who had seen the aviator a few days previously on the western front.

CAR SHORTAGE TO BE PROBED BY WILLIS' ORDER

(Associated Press Telegram)

Columbus, Oct. 30.—Governor Frank B. Willis today ordered the state public utilities commission to begin an immediate investigation of the railroad car shortage in Ohio with a view to cutting down the high price of coal. He instructed the commission to take such action as may be necessary to relieve the situation.

WEST

IS ON FIRE FOR WILSON SAYS CHAIRMAN MCCORMICK IN CONFERENCE.

Predicts Landslide for President and Says Six of the States Claimed for Hughes Far From Certain.

(Associated Press Telegram)
Chicago, October 30.—The West is "on fire for President Wilson" and "it looks like a landslide," for the democratic candidate is the opinion of Vance C. McCormick, chairman of the national democratic committee, as expressed by Mr. McCormick after conferring today with Senator Thomas J. Walsh, manager of western democratic headquarters. Latest reports from leaders in all states were discussed at the conference.

"The war has no edge on the east in the matter of loyalty to the president," Mr. McCormick said.

"The east is mighty warm in its support of Wilson, and democrats generally. It has improved daily for the last two weeks and states that were doubtful may be counted safely for the present now."

"New York state for instance is for the president and for him that leads all local organizations in Greater New York confidently believe that the greater city will roll up one of the heaviest Democratic pluralities in many years."

"I see that Frank H. Hitchcock

claims the election of Mr. Hughes and gives a list of states that he professes to believe the Republicans will carry. Of the twenty-six states he claims for Hughes, I do not regard six of them as certainly for the Republican candidate.

"The Wilson sentiment in Ohio that makes Mr. Hitchcock concede the state to the Democrats does not extend all over this section and by this token, not to mention our confidential reports and first hand advices, we know that Illinois and Indiana also are for the President. This same sentiment is sweeping the Pacific coast."

"We confidently expect the President to carry Connecticut, New Jersey, Delaware, Maryland and West Virginia. The swing is toward the President and there are no signs of abatement."

NORWAY RESENTS U-BOAT ATTACKS; CALLS IT PIRACY

(Associated Press Telegram)

Christiania, Oct. 10.—Never before during the war has the Norwegian press so unanimously expressed the resentment aroused in Norway by the last steps in the German submarine warfare. The Orbladt calls it piracy and says it is the general opinion that the German war against mercantile ships is directed especially against Norway, adding:

"It is a fact that this continual torpedoing of Norwegian ships deprives Germany of friends in Norway."

The Tidens Tegn says bitterness has been provoked everywhere in Norway by the destroying of Norwegian property and lives of Norwegian sailors in the Arctic-Ocean and vehemently urges the government to do something to protect property and lives.

Public opinion in Norway at present is greatly excited and the popular feeling toward Germany is far from friendly. Ship owners have decided not to permit their vessels to sail to Russian ports in the Arctic and the war insurance company will take no risks on ships or cargoes with such destination.

The German submarine warfare thus far has cost Norway 171 ships with a total tonnage of 353,000 and the lives of 140 Norwegian sailors.

BRIDE STEALS TO GIVE LUXURIES TO UNBORN BABE

(Associated Press Telegram)

Cleveland, Oct. 30.—Mrs. Wilbur Norton, a twenty year old bride of two months charged with nearly a dozen robberies, and her husband, who directed her activities, were to be arraigned in police court today. She is charged with robbery and he with receiving stolen property.

Detectives who have been investigating for several weeks the activities of a maid who disappeared a few hours after going to work in five homes, taking with her jewelry, clothing and money, Sunday arrested the girl when she applied for work at an east end home.

Although the girl confessed to at least 11 robberies, only five persons have reported thefts to police in which she is known to have figured. According to detectives her husband directed her operations.

"It was all to be for my baby," she sobbed to detectives. "I have worked and drugged and almost starved. When my baby comes I want it to live in luxury."

Nearly \$5,000 in property was recovered at the girl's room.

LABOR OPPOSES THE BOY SCOUTS IN RESOLUTION

(Associated Press Telegram)

Boston, Oct. 30.—Workmen of the country are asked to withdraw their sons from Boy Scout organizations in a resolution adopted by the state branch of the American Federation of Labor last night. The action came after a report that Chas. C. Jackson, president of the Greater Boston Council of Boy Scouts had advised scout masters to prepare the boys under them to "withstand politically the aggressiveness of labor unions" which he is said to have predicted would be "savagely and bitterly" after the war.

"If this is to be the attitude of the Boy Scout movement," the resolution said, "it is time that the wage earners of the country should take their sons out of that movement for the reason that boys and young men should be educated on liberal lines and not on narrow ones."

YOUTH CAPTURED AFTER CHASE IN POLICE MOTOR

(Associated Press Telegram)

Following an exciting chase in the patrol wagon through downtown streets and alleys at noon today Patrolmen Abbott and Donely, assisted by Frank L. Johnson, secretary of the Y. M. C. A., caught and arrested a man who a half hour before had attempted to pass a check on a local bank.

The man when arrested gave his name as Charles Armstrong, aged 20 years.

Shortly after noon today Armstrong appeared at a local bank with a check made payable to him and signed by Lou Flory, living west of the city, on the Granville road. The check was on a Granville bank. The cashier of the bank told Armstrong he would have to have some one to identify him and sent him to Mr. Johnson, at the Y. M. C. A.

Mr. Johnson called Mrs. Flory on the telephone and found that her husband had not issued a check for work done around the house. And that Mr. Flory did not sign his name the same as that on the check.

Armstrong accompanied Mr. Johnson to the patrol station and just as they were in front of the station, Armstrong ran toward Main street, leaving the check with Mr. Johnson.

Patrolmen Abbott and Donely, accompanied by Mr. Johnson jumped into the patrol wagon and the chase was on. At the corner of South Sixth street and the Canal, Donely swung the machine around in front of the man, identified by Mr. Johnson, and Officer Abbott made the arrest.

SMALLPOX CLOSES NILES SCHOOLS; 26 CASES QUARANTINED

(Associated Press Telegram)

Niles, O., Oct. 30.—Public schools, moving picture theaters and churches have been closed here owing to an epidemic of smallpox. The board of health today reported 26 cases in ten homes. The first case developed Thursday. All the cases are mild and physicians said the victims will recover. Most of the victims are school children.

JURY REPORTS DISAGREEMENT IN MURDER CASE

(Associated Press Telegram)

Galveston, October 30.—The case of John Copeland and Marshall, Tex., charged with the killing of William Black, an anti-Catholic priest, was given to the jury at 8:35 o'clock Saturday night, and shortly after midnight the jury asked permission to go to bed. Judge Briggs granted the request.

The jury was still out this morning. In the meantime 500 men reported in district court for the case of George Ryan, alleged associate of Copeland.

On the convening of court today the jury informed Judge Briggs that it was hopelessly divided and begged to be discharged. Judge Briggs ordered it to continue its work.

Communication With Outside World Cut Off When Wires Burn—Fire Burned From 8:00 O'Clock Until Noon This Morning—Bucket Brigade Worked Valiantly—Loss \$15,000

(Special to The Advocate)
Homer, O., Oct. 30.—Fire which started at 8 o'clock this morning in the livery stable threatened for several hours to sweep the entire town, and in spite of the valiant work of a bucket brigade four buildings were destroyed with a probable loss of over \$15,000.

The blaze, of unknown origin started in the livery stable owned by Jesse Hardsock, and communicated itself to the hotel which adjoined the livery stable and which was also owned by Mr. Hardsock. Volunteers armed with small chemical apparatus tried to extinguish the flames, and a bucket brigade was formed.

The livery stable and hotel were burned to the ground and the dwelling house owned by John Monroe and which was next door to the hotel next caught. Some of the household goods had been removed but the building and most of the contents were destroyed.

Fire was next discovered in what is known as the old Scott building and which is owned at the present time by Mrs. Lydia Sellers. This was a two story building, the second story of which was occupied by the Citizens' Telephone exchange. The first floor housed the postoffice and men's furnishing store conducted by Frank Vore.

The Scott building was gutted and all telephone connection with the town was destroyed, when the flames swept the exchange. As it was seen that the first had a clean sweep and that it was impossible to save the buildings, the citizens devoted their efforts to help carry the contents of the postoffice from the building and all records were saved.

After the Scott building fell, the fire exhausted itself as an alley protected the property on the other side. Had there been even the slightest wind, it is probable the whole town would have gone, as there is no protection from fire.

While it was impossible to get in communication with any of the owners of the building it is estimated that the loss will reach over \$15,000. How much this is covered by insurance is not known.

SERAK DENIES USING FORCE TO DETAIN WOMAN

(Associated Press Telegram)

Youngstown, O., Oct. 30.—Marie Higgins, who claims her real name is Ruby Warner, is recovering rapidly from her experience of being held prisoner in a dungeon for ten months at the Mahoning county infirmary at Canfield, from which she escaped Saturday. The woman lost much weight during her confinement. She weighed about 135 pounds when she was taken to the infirmary a couple of years ago. She weighs 95 pounds now. Although her mind is somewhat affected, her eye sight is little impaired.

Sheriff J. C. Umstead placed Joe Serak, whom the woman charges detained her in the dungeon, in the county jail on an open charge. At first Serak refused to make any statement, but finally confessed the woman had been in the cellar but claims he did not forcibly detain her.

The woman's name is said to have been Marie Warner. She was born in Austinburg, O., in 1899. She was married nine years ago to James Higgins, of this city. A child was born and died when two weeks old. She was then removed to the infirmary.

Our Boys and Girls

Many parents make a great mistake in not stimulating the imaginations of their children. A child will play for a whole day with a train made of chairs because imagination enters the game; the armchair is an engine, the sofa is the sleeping car, another armchair is the baggage car.

But if you give him a perfect thing his imagination is left out in the cold; there is no part for it to take in the game, there is nothing to be done with the mechanical model except to break it open and see how it works.

That is why the train of chairs or the rough grotesque toy train will always give more real pleasure than the most elaborate machinery that can be conceived; that is why the rag doll or the woolly lamb will always lie nearer the heart's affections than the most wonderfully equipped and laborately clothed French pounce.

When a Horse Loads.
Have you ever noticed the thoroughness that an old delivery wagon horse is able to inject into his Sabbath loafing?—Columbus (S. C.) State.

Even after she is married a woman's life may be Miss-spent.

How often have you hankered for the old home Apple Butter?

More times than you can count, of course—for how could one ever forget that wonderful taste?

How recollections flood back at the thought of it! Into one's mind steals a picture of the quaint old homestead, hiding in the cool shadows of stately maples and elms; and of the sweet-scented orchard, heavily laden in fall with Baldwins and Pippins and rosey-cheeked Winesaps.

And, ah, when apples were ripe and ready, what an event was apple butter time on the old homestead! How every one pitched in with a hearty good will to make this delight of the autumn! And such a royal feast as there was that evening—!

"Yes," you say, "and if I might only enjoy such a feast again." The minute you taste Lippincott Apple Butter you'll realize you have at last found the answer to your wish. And no wonder! Just consider how Lippincott Apple Butter is made—

We follow a famous recipe used on an old New England homestead for over fifty years. We use nothing but the choicest and tastiest of apples, the most fragrant of spices, and the purest of white granulated sugar.

Order a trial jar now—enjoy again the old home taste you've hankered for. 15c and 25c jars at all good grocers.

Milady's Boudoir

Use Your Mirror Often.

Do you look into your mirror often enough? Yes, of course, you glance into it when you arrange your collars or fix your hair, but do you ever go up to it and stare boldly at the reflection within?

Every woman who wants to improve her personal appearance will do well to learn how to use the mirror. She will take it where the light is strongest and begin by studying her reflection as a whole—as a general assemblage of line and color. Then she can pick it to pieces later. The tout ensemble in what strikes the ordinary observer. The more intimate acquaintance notices details.

What about the expression of the eyes and mouth? What if the story it tells? Does it tell a tale of selfishness, greed, deceit, conceit, superficiality? Or does it give out the idea of kindness, love, generosity, good sense, intelligence, friendliness? Or is there a queer intermingling of good and bad expressions? And in that case, which is the most enduring, and which flashes across the face more often?

Just sit down with an open mind before your mirror, and ask questions. You will learn a whole lot about yourself in a half hour. And if you are as wise as women ought to be you can map out a campaign of beauty culture right in your own mind, and put it into effect with no one but yourself being the wiser and gain results that will make all your friends compliment you.

Sit down, sisters mine, and get out the most exacting mirror you can find. Pull the shades up and let the strongest and most fruitful and glaring light of day shine upon you. Purge your mind and vision of prejudice. Then work according to the result. There's a reason behind every frown, and every little curl of the lip may soon mean a fixed sneer. It is up to you to find out the reason and to right the fault.

For the "Movie" Enthusiast.
Almost every woman enjoys motion picture shows, but few realize how injurious the flash like shifting of the films is to the eyesight. For protection against bright light and sun glare and wrinkles various colors of glass are now in use. The old-fashioned so-called "smoked" glass is about as good as any. The goggles made for automobile use seem to have become a very much needed article for people in various walks and works of life.

The engineer finds them good, the long distance swimmer finds a pair set in rubber an excellent thing to keep salt spray from his eyes. The worker in dust or metal particles is glad to choose a well fitting pair. A kind intended to serve by night as well as day has insets of smoked glass in the lower half, this protects the eye-piercing glare of motor searchlights as well as the sun glare upon white roads. Such an idea might well be duplicated in glass. It would seem, if the one who wears such glasses must confront the same conditions, well-lit, classes, neither too large nor too small, too round, nor too low, worn not crookedly nor too far away from the eyes, are not unbecoming. Indeed they are an adjunct to beauty in some cases, where the eye happens to be ill-set, or her expression or of

an indeterminate color. In such cases the glass hides the defect and heightens the good points. Eyeglass making is indeed a fine art these days. Styles in rims in shapes, in the clips used to set them upon the nose—all of these things do their part in making the up-to-date pair of eye-glasses things of beauty as well as of usefulness, when properly adjusted.

Every Day Etiquette

"Hearing of a death in a friend's family, what is the proper thing to do?" asked Mildred.

"Cards of condolence or sympathy are sent to friends in bereavement, with the words: 'With deep sympathy' written across the top. Of course, one should, if possible call and leave cards without asking to see any one, but if this cannot be done cards are sent by post," her aunt advised.

"Will you kindly tell me what is the proper way to reply to an invitation written on one's visiting card?" asked Mazie.

Such an invitation is acknowledged in the third person. Use note paper for such purpose. Answered her mother.

NARROWLY ESCAPES DEATH
Selecting the tracks of the Ohio Electric railway for a place to sleep shows bad judgment to say the least. Last night passengers of the car from Columbus due in Newark at 9:00 o'clock were startled to be thrown from their seats just out of Hebron when the emergency brakes were applied. When the car was stopped a man was found sleeping on the tracks, his head was resting on one rail and his feet on the other. The car missed him by just a few feet.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color, 10c and 25c per box. All druggists.

"With Excess Uric Acid in Your System You Can Never Be Free From Rheumatism"

Why? Because any exposure to cold, drafts, dampness or nervous shocks chills your blood; it stragulates; the uric acid crystallizes and forms deposits of needle-like particles which lodge in the joints and tissues. Intense pain and Rheumatism. It was precisely for just this condition that Kampfmüller's Rheumatic Remedy was conceived.

In a perfectly harmless way it acts as an eliminating agency. The excess uric acid crystals are dissolved; they are carried off through the bowels and kidneys; inflammation and swelling go down quickly. When your system is entirely freed of the excess of this poison you are cured! Test the efficacy of K. R. R. Get one bottle today. Absolutely no narcotics in this treatment. Not a heart stimulant. It cannot harm you in any way. No bad after-effects. K. R. R. is not a "care-all."

BRITISH

LACK GREAT MILITARY STRATEGISTS SAYS FIELD MARSHAL VON HINDENBERG.

Declares Another Offensive Campaign Will Exterminate French Who Fight Tenaciously.

(ASSOCIATED PRESS TELEGRAM) Berlin, Oct. 30.—(By wireless to Sayville.)—Field Marshal von Hindenburg, German chief of staff, is quoted by the Overseas News Agency as follows:

"The French show great tenacity but they are exterminating lives by their method of fighting. All their tenacity, but they are exterminating lives by their method of fighting. All their tenacity will be of no avail for in the end there will be none of them left. This fate of the French nation is owing all else to the British. If the British ask next spring for one more offensive campaign they will rob France of the remainder of her army and her national strength."

"This war will make no great change in the estimate of British military accomplishments. Great strategists, in particular, are lacking among the British."

"The Transylvania situation is excellent. The Rumanians are in retreat and the day of reckoning is coming. I welcome their entrance into the war with joy. By means of it we get out of trench warfare."

Replying to a question regarding the reported attempt against the Queen of Rumania, Field Marshal von Hindenburg shook his head and said:

"Reports of this kind always must be condemned."

(This is the first report to reach the United States of an attempt against the life of the Queen of Rumania.)

The Field Marshal said that since the beginning of the war he had been on home leave in order to see his family only seven days. Speaking on the importance of sleep, he said:

"The main thing is sleeping. Soldiers must be able to sleep—that is a most important quality." As for the sleeping of army commanders while great decisions were going on the Field Marshal said: "Why not? If everything goes as you want it, then sleep perhaps somewhat less sound, and if everything is well, of course, you sleep all the better."

Obituary

Mrs. Sarah Bowers.
Mrs. Sarah Bowers, 83, one of the oldest residents of Gratiot, died at the home of her daughter Mrs. Belle Harris Sunday morning at 5:30 o'clock.

The deceased is the widow of John Bowers, who for years conducted an undertaking business at Gratiot. She was a life long reader of the Advocate, and was beloved by a large circle of friends and acquaintances in her home town. She is survived by one daughter Mrs. Harris, and one son, George F. Bowers, of Columbus, but who formerly conducted undertaking parlors in Newark. Also two brothers, James Gard of Gratiot, Hiram Gard of Illinois and one sister, Mrs. Mary Duncan of north of Gratiot.

Funeral services will be held on Tuesday afternoon at 2 o'clock at the M. P. church and interment will be made at Poplar Fork cemetery.

Mrs. Sarah Bowers.
A lingering illness from infirmities incident to advanced age, caused the death of Mrs. Sarah Bowers, 84, at her home in Gratiot at 5 o'clock Sunday morning. Mrs. Bowers was the widow of John Bowers and was a woman held in high esteem by all who knew her. Funeral services will be conducted at the late home Tuesday afternoon at 2 o'clock.

Mrs. James Cochran.
Ethel May Cochran, aged 25 years, and wife of James Cochran, died at her home in Linnville Sunday morning at 7 o'clock after a year's illness with a complication of diseases. She underwent an operation last February and her condition has been serious since last June. Mrs. Cochran was born in Franklin township and was the daughter of Mr. and Mrs. John Gutridge. She is survived by her husband, parents, and three brothers and two sisters, Bert Gutridge of the Jacksonville road, Lester of Gratiot, Perry of the home and Louise and Glenna of the home. The funeral will take place at 10 o'clock, sun time, Tuesday morning, at Fairmount church, Rev. Mr. Lamp officiating. Interment in nearby cemetery.

Mrs. Blanch Varner Stargell.
Mrs. Blanch Varner Stargell, aged 39 years, wife of R. W. Stargell, died at her home in Mansfield early Sunday and the body was brought to this city today and taken to the home of her sister, Mrs. Ashcraft, No. 9 Monroe avenue.

She was the daughter of Mr. and Mrs. W. H. Varner, and was born September 21, 1877, died October 29, 1916, aged 39 years, 1 month and eight days. She was married to R. W. Stargell, March 16, 1916. Death occurred at her home, 307 West Fifth street, Mansfield, at 12:25 Sunday morning.

She is survived by her husband, father, mother, and four sisters, Mrs. C. H. Morgan and B. A. Ashcraft, both of Newark, Misses May and Ella of the home, and one brother, Ray.

The funeral services will be held at the Baptist church at Fallsburg, Tuesday morning at 10:30 o'clock, interment in the adjoining cemetery. Short services will be held at the home of her sister, Mrs. B. A. Ashcraft.

FARMER REAPS GAIN BY EIGHT-HOUR LAW

Prevented Tying Up of His Products Valued at \$6,000,000,000.

PRESIDENT IS BEST FRIEND.

By FRANK G. ODELL.
Editor Nebraska Farm Magazine.

The New York Sun quotes James Wilson, of Iowa, former Secretary of Agriculture, as saying that the farmers were hit hardest by the Adamson eight-hour law, which stopped the threatened general railroad strike. According to The Sun, Mr. Wilson said:

"The farmer has no eight-hour day. Should that number of hours become general in all occupations, including the farm, the prices of food would rise still higher than those current."

The logic of the venerable ex-Secretary is bad. The farmer is not worrying about the high price of food. He raises his own food. He grows food for sale. That's his business. If, as the ex-Secretary says, the eight-hour day will increase the cost of food, the farmer has everything to gain.

And "Uncle Jim" has overlooked the fact that the farmers of the United States had not less than \$6,000,000,000 worth of products practically ready to send to market when the strike crisis was imminent at the first of September. The threatened strike would have paralyzed the farmer's market and stopped the wage of the worker in every industry.

Incalculable losses, running into hundreds of millions, were averted when the strike was prevented. Woodrow Wilson did it.

"Tama Jim" was Secretary of Agriculture through four Republican administrations—sixteen years. These were sixteen years of monopolistic control of the farmers' market. During this period, these great combinations, which have stood between the producer and the consumer, reached the zenith of their power. Greed and extortion ran riot. The high cost of living became a cry of universal complaint, for which the farmer was made the goat.

During this period the farmers of the country complained continually of capitalistic extortion. They held conventions throughout the great grain and livestock belt to voice their protest. They sent deputations of able men to Washington. They sent their appeals for justice to the Secretary of Agriculture, and waited at the door of the White House during the administrations of McKinley, Roosevelt and Taft. They asked for bread and received stones of indifference. They demanded justice and received platitudes about "prosperity," "contentment," and "making two blades of grass grow where one grew before."

Then came another Wilson—Woodrow Wilson. Things began to change. David F. Houston was made Secretary of Agriculture. For the first time in the history of the Government the business problems of the farmer received the attention of his Government. The Office of Markets and the Bureau of Rural Organization were created to help him break the stranglehold of entrenched monopoly. The epoch-making Rural Credits Law was passed by Woodrow Wilson and a Democratic congress. The power of the usurer and extortioner was broken when that act was signed.

The farmer has a good memory. He does not forget his life-long battle with entrenched privilege—organized and grown purveyor during forty years of Republican indifference and misrule. He will not forget that it was WOODROW WILSON, the People's President, who saved his market from ruin on Sept. 2, 1916. The special pleadings of Republican defenders of special privilege and monopoly will find the farmers ready on Nov. 7.

PROTECTION

HY REPUBLICAN DOCTRINES ONLY THING TO SAFEGUARD PROSPERITY SAYS HUGHES

Presidential Candidate Speaks at East Liverpool — Declares Increased Exports Due to War.

(ASSOCIATED PRESS TELEGRAM) East Liverpool, O., Oct. 30.—Charles E. Hughes, replying further to statements in President Wilson's Cincinnati speech, told an audience here today that the \$2,000,000,000 increase in American exports last year was due almost exclusively to the demand created by the European war and cited a statement of Chairman Hurley, of the federal trade commission, to uphold the Republican claim that America is "not prepared for post-bellum competition with Europe."

"That \$2,000,000,000 increase," Mr. Hughes said, "represents almost exclusively the demand created by the European war. What are we to do? There is but one safe course. It is idle to talk about conditions of work if there is no work. And you cannot have any lasting basis for prosperity unless you apply the Republican doctrine of protection to American industries."

"I was amazed the other day when the spokesman for the opposing party told the people that we were ready. He said in substance that the nations engaged in this struggle are so wasted by war that we need not fear their competition."

"That is a very serious mistake if you want to know what the facts are. Let those who speak for the opposing party take the words of the federal trade commission, spoken almost at the same time, as a result of their own inquiry. What is the use of having so-called expert bodies if we do not pay any attention to what they say?"

"This is what Chairman Hurley of the federal trade commission said last week in New York on this very subject—and I commend it to the very serious attention of those who speak for an opposing policy. He says:

"While in many respects we know little of what is going on in the warring nations, we do know that within sound of the guns, almost within reach of the falling shells, Europe is re-awakening her industries."

"He says further, 'under the stress of a life and death struggle every effort is being made to attain the highest efficiency in the production, in the distribution and in the use of commodities of all kinds.' He adds, 'new processes are being discovered, new inventions are being made and new forms of organization are being created and that war has compelled Great Britain to make thirty years of industrial progress in thirty months.'"

"If industries are not to be caught slow of mind and flabby of muscle we must improve our business organization, must increase our manufacturing and merchandising efficiency, and must keep pace with every step in Europe."

"That is the statement of the board by the chairman of it, with respect to increased efficiency abroad. They have got organization. They have got a better discipline and efficiency in production than ever before. The economic basis of production has not been affected. Even the waste of men, in view of the numbers coming along year by year into industrial activity, leaves them with more men today to enter into production than they had before."

Now these are facts for American business men and American workmen to think carefully over. When it is said here we need organization I agree. When it is said that we need development of alertness and power, I agree, but there is one thing that was not said. It is the thing which our opponents in view of their principles, cannot well say. It is a thing that we do say, and that is, whatever your organization, whatever your alertness, you have got to have your markets protected against the competition of labor that is paid less than you are.

"We propose to protect American industry. You cannot run this country on the principle of tariff for revenue only. We want to build up American industry, protect the American wage scale and lay the foundation for social justice."

Mr. Hughes spoke in the open air before a crowd that was so noisy that his voice could be hardly heard 50 feet away. He left at 11:30 for Steubenville.

Nature Will Cure Auto-Intoxication

All she needs is a very little help. Constipation is caused by accumulated waste in the Colon (Large Intestine), which, under our present mode of living, Nature cannot entirely remove without a little help. The rank poisons in this waste get into the blood circulation, too, and make us feel depressed, blue, bitter and incompetent—really sick—if allowed to go a little too far, and causing Auto-Intoxication. All the help that Nature asks, however, is Internal Bathing with Warm Water, applied by the "J. B. L. Cascade." This is a perfectly natural and rational way, cleans out all the waste and poisons from the Colon and keeps it as sweet, clean and pure by occasional use as Nature demands for a perfectly healthy condition. So invariably successful has this new and improved method of Internal Bathing proved to be that over 50,000 Americans are now enthusiastically using it to cure Auto-Intoxication, ward off disease, and keep them bright, happy and efficient. The "J. B. L. Cascade" is now being shown by The Hudson Ave. Pharmacy, R. L. Williams, Prop., 322 Hudson Ave., New York City. Ask for "J. B. L. Cascade" and explain how simply it accomplishes these great results. Also ask for free booklet, "Why Man of Today is Only 50 per cent Efficient."

Ohio Senatorship.

In response to numerous inquiries concerning the expenditures of Myron T. Herrick, and what the supporters of United States Senator Pomerene expect to do, Charles E. Morris, of the Democratic State Headquarters, has issued an answer. He says first they expect to elect Senator Pomerene because he has kept the faith, and has the certain endorsement of the people and of the President. Under other conditions they would expect to defeat Myron T. Herrick because, as Morris says, "he has openly tried to buy the United States Senatorship, and that he would have serious explanations to make before he might take his seat if elected." Under the federal law a candidate for United States Senator is limited to \$10,000 for expenses made by himself, or by and with his consent. After the primary under this law Mr. Herrick acknowledged expenditures of \$7,000 required to be reported under the law which limits the expenditure. A report to be filed before election must be cumulative and include this amount within the \$10,000 limit. Mr. Herrick, in a public statement, has acknowledged the expenditures by the Herrick's Voters' League in excess of \$29,000. He has boasted of the entire expenditure of more than \$50,000 and is easily beyond the federal limit. Further expenditures of his behalf by the state committee, or any committee representing the bankers and other manufacturers, would be another reason for attention when the time comes. Closing the statement in this regard Mr. Morris says, "whether Mr. Herrick may be elected or defeated his campaign in the State of Ohio will be an example in the future that the United States Senatorship is not to be bought in the open market."

Right of Speech.

Gov. Willis' Civil Service Commission in attempting to play politics has headed square-in to the Ohio constitution. When Peter Albeitz, a German-American, withdrew from an organization which is non-American, principles had endorsed Hughes, and began speaking his mind and endorsing Wilson, the commission ordered that he be taken off the roll of the State Auditor's office. Mr. Albeitz says that he left the old country because there the right of speech was abridged and that he came to Ohio because the constitution says, "every citizen may freely speak on all subjects and no law shall be passed to restrain the liberty of speech." Albeitz is also a Spanish War Veteran and has been upholding Wilson for his peace policies because, he, Albeitz, knows the hell of war. He feels that Republican paid propagandists, who have been misleading the German voters, are responsible for the Civil Service Commission's action, and will resist their order to the supreme court, if necessary.

Re-Elect Wilson.

The Chicago Herald (Independent) has just come out endorsing Wilson for president. The editorial in part follows: "Within the great parties a president who has gone well is conceded to re-nomination. There is no reason why this test should not be applied at this time to President Wilson himself. On the record—as a whole—of things done, on the prospect of things to be done, is there a real reason for the American people

President Wilson has just written to Senator Pomerene expressing confidence in the results in Ohio and saying, "it would distress me beyond measure if you were not returned to the Senate." No local candidate has ever received a stronger Presidential endorsement.

John C. Swartz has brought to the county surveyor's office a record of efficiency that can hardly be duplicated elsewhere in the state. He is a young man who knows his business and who attends strictly to it. Mr. Swartz is a candidate for reelection to his second term.

HUGHES LEADS FOREIGN NATIONS TO BELIEVE U. S. WANTS WAR

At this present moment—I want to repeat this because perhaps the country has not realized it enough—at this present moment it is almost impossible to do anything positive in the field of foreign affairs, because foreign nations have been led to suppose—that there may be a change in our foreign affairs.

Foreign nations have been led to believe that a dominant element in the Republican Party is in favor of drawing the United States into the European war, and they have been told, with abundant evidence, that it is probable that, if the Republicans succeed, we shall enter upon a policy of exploitation of our neighbors in Mexico.

That is the whole moral of every criticism that I read, and until the people of the United States have spoken it is extremely difficult to come to any definite conclusion about anything that touches our relations, either to Europe or to Mexico. I myself do not doubt the result, but there are some who affect to doubt it.—From President Wilson's Speech at Shadow Lawn, N. J., Oct. 14.

Think It Over.

While all the rest of the modern world is in upheaval, America enjoys the highest prosperity in its history. We have escaped the abyss by only a narrow margin. A hasty word or diplomatic action and we should have entered hostilities the end of which no man can dream. President Wilson through all these trying days has steered a plain course of neutrality, sanity, and adherence to international law. At the same time our contentions have been persistently followed up and have been secured. We owe our peace and our prosperity to the man in the White House.

Never before have the workers of the country had such large wages, and never have the industries prospered so richly. The beauty of it all is that this prosperity has not come as the result of yielding to the power of wealth. A firm and resolute course has been maintained toward those avaricious forces that would lay tribute on the common people. Once these powers realized that there was a firm and fearless man at Washington, they submitted to the inevitable.

They accepted the situation and went ahead with just as much enterprise as ever in the palm days of the so-called Republican prosperity. Thereby they proved that their threats of Democratic panics and depressions were mere bluff, designed merely to secure the kind of government that would be most favorable to capitalistic interests.

The Democratic party sympathizes with the worker in the field, the factory, and the mine. It is more concerned to add to their well being than to the millions of the rich. It is the Democratic party that has secured labor legislation, sanitary protection of workshops, safeguards thrown about child labor and women's work. The majority of the Republican party always opposed these advances.

It seems unthinkable that the country, looking at this superb record of achievement, can ever go back on this administration that has created a new era of human progress.

The indications point strongly and almost conclusively to the re-election of President Wilson. The president's speeches have taken a firm hold upon the people and day by day his strength increases.

Dr. W. L. Jackson has no opposition to his candidacy for county coroner. The fact that no candidate was named by the opposition is a compliment to Dr. Jackson and to his efficient service.

Wilson on Humanity's Side.

(Springfield Republican.)

Judge Albert D. Norton, who was the Progressive candidate for Governor in Missouri in 1912, is on the stump for Wilson. "In speaking in Kansas City he gave as the reason that 'in every instance in which property interests and humanity have come into contact, Woodrow Wilson has been found, as Lincoln was found, on the side of humanity.' That point of view is to account for a great many votes which the President will receive next week."

The Soldier Vote.

(Mansfield Shield.)

G. A. R. veterans are going to remember President Wilson and the Democratic party this year because they appreciate what has been accomplished for the soldier. Col. John McElroy, life-long Republican for thirty-two years, has been editor of the National Tribune, official national organ of the Grand Army of the Republic. He was a soldier and officer in the Civil war. He declares President Wilson's Administration has set a new standard of justice and fairness in dealing with old soldiers and their dependents.

Col. McElroy's statement is well worth reading. He said: "I have been asked by the Republican national committee to go on the stump for Hughes.

"I've been thinking it over. Some way—although I'm a Republican and always have been on it—it doesn't seem to me just right for me to go into the fight against Wilson.

"For we old soldiers owe a debt of gratitude to the Wilson administration. The new widow's pension law comes more nearly doing justice to the widows and dependents of old soldiers than any other pension law ever passed.

"For me to take the stump against Wilson, to help Hughes, would be for me to smite the hand that has helped us. It wouldn't seem right.

"Then, too, Commissioner Saltszaber, who was appointed head of the pension bureau by President Wilson, has been one of the most efficient pension commissioners we ever had. The office was never handled better than it has been under his direction.

"With the exception of in the postoffice department, G. A. R. veterans have had the fairest of treatment. Postmaster General Burleson, in the name of efficiency, has forced several old soldiers out of places they had been holding satisfactorily under other administrations. But I hold that against Burleson himself, not against the administration. For in the war, navy, treasury and other departments and in the public printing office, G. A. R. veterans have been treated with fairness and consideration. There is no question about that.

"Of course, most G. A. R. veterans are Republicans. I am myself.

Alternatives to World-War.

(Philadelphia Record.)

President Wilson's remark at Cincinnati that "this is the last world-war that the United States can keep out of" was predicated on the supposition that the complexity of intrigue and spying which has characterized international relations would continue after the present conflict is ended. Under these conditions the business of neutrality would be played out. Just as a position of neutrality would be impossible to an individual living in a community where everybody has to assert his own rights by force, so would neutrality on the part of a nation become intolerable in a world where only might is right. The alternatives to international anarchy would be the establishment of some authority superior to that of the individual nations and the formulation of a body of laws, including an international bill of rights, enforceable by that supreme authority.

What is foreshadowed by the President is the creation of a league to enforce the law rather than a league to enforce peace; and by implication the framing of a real international corpus juris would be a necessary preliminary. A supreme international executive could not employ the military and naval powers of the league for the enforcement of the law unless the law had been first defined. The simple formula that the aggressor in any future conflict should be confronted by the whole coercive force of the league is defective, because it would be difficult in any case to determine who is the aggressor. Aggression may take many forms other than that of a military invasion; and this brings us back to the point first made by the President that complexities of secret intriguing and hate and misrepresentation are the fundamental causes of entanglements involving the entire human family.

Difficult as the task may be, and though the outlook for success may not be promising, it will be necessary to undertake the same if civilization is to be saved from itself. Another war under the conditions prevailing now would inevitably draw every nation into the vortex.

The noble Carranza troops will start out after Villa when their complete stock of liquid refreshments arrives.

WILSON ENDORSED BY RAILROAD HEADS

Underwood of Erie and Lovett of U. P. Strong For President.

PROSPERITY IS DUE TO HIM.

Served All the People in Demanding Eight-Hour Law—Firm in Stand For American Trade Rights, and the Friend of Both Business and Labor.

"President Wilson has achieved the seemingly impossible," declared F. D. Underwood, president of the Erie Railroad, in a recent interview in Chicago.

"My conviction is that Wilson has more great achievements to his credit than most presidents who have preceded him," is the opinion of Judge Robert S. Lovett, head of the Union Pacific Railroad, expressed in a statement issued in New York.

Such views from men who stand at the top of two of the nation's greatest transportation systems should be sufficient to controvert the false charges of Republican demagogues that President Wilson is unfriendly to the interests of business, even though he works for the betterment of the conditions of labor.

Mr. Underwood continues:

"No one could fairly accuse President Wilson of playing politics in the railroad negotiations for an eight-hour day. I believe he used his best judgment in doing as he did. He did not carry the burden of the railroads or the claims of the brotherhoods as his load; he carried those of the people of the United States."

Has Stabilized Business.

"There can be no honest denial that many of the Wilson laws have stabilized business. The Federal Reserve Act is one. The Rural Credit Act is another. The passage of the Child Labor Law was humane and intelligent. The Tariff Commission was a common-sense, much-needed accomplishment."

And then Mr. Underwood praises Mr. Wilson's course in keeping the nation from embroilment in the European turmoil, and from the waste of American lives for "so small a game" as Mexico. "Change his mind?" Mr. Underwood laughed. "The man who says he never changes his mind either is inaccurate in his statement or he has no mind to change. President Wilson has a mind to change, as changing conditions make it necessary to change. After all, prosperity is here, and we should stand for peace and work for peace—but we must prepare ourselves to defend what we have."

No less convincing is the statement by Judge Lovett.

"President Wilson," he says, "has substituted the law as a rule of conduct for Presidential favor. The 'undesirable citizen' has the same show as the most influential group or the biggest campaign contributor."

Justice For All.

"In the administration of his immediate predecessors, business men were hunted as 'big game' and the Presidential choice between the 'good trusts' and the 'bad trusts' was the guide, rather than the law. Even the railroads—the favorite field for political exploitation—have received justice and fairness at his hands."

"And let us not forget that we owe Mr. Wilson for the present unexampled industrial prosperity of the country. Nothing but his firm stand for American rights secured to us the enormous trade, extending through every line of industry, that has brought employment and high wages to millions of workmen, and huge profits to our manufacturers."

"Now, are the American people going to permit an American President to be driven from office by an alien element in our population, for daring to insist upon American rights against a foreign government?"

BANK DEPOSITS REVEAL PROSPERITY OF FARMERS.

That the farmer is getting a generous share of the national prosperity, is evidenced by preliminary reports from seven states, recently filed with the Comptroller of the Currency, in Washington. These show increases in bank deposits as follows:

Ohio, \$26,000,000; Kansas, \$12,000,000; Indiana, \$11,000,000; Connecticut, \$10,000,000; Nebraska, \$5,500,000; Washington, \$4,000,000; New Hampshire, \$3,500,000.

Sunday dinner guests of Sigma Chi

Granville, Ohio, October 30.—Rev. F. J. White, president of the Shanghai Baptist college in Shanghai, China, a seminary classmate of Rev. Millard Breidford, occupied the pulpit of the Baptist church Sunday evening and gave an excellent talk on the much mooted question, "Can China Ever Become a Christian Nation?" The preacher gave it as his opinion that only by educating her own people to the work of the ministry can the teeming millions of the country ever be reached. To that end the college at Shanghai is devoting its energies, and with a splendid faculty is doing notable work. Several of its graduates are in the United States taking special courses fitting them to teach and to preach in China.

Miss Mollie Jones who has been visiting her niece, Mrs. May Halderman Jones in Lucasville, has returned to Monomoy Place quite benefited by her sojourn.

Mr. and Mrs. J. S. Jones entertained with a family dinner at Bryn Du Sunday after which they drove to Zanesville and Duncan Falls, accompanied by Mrs. Margaret Halderman and Mrs. Edith Stone.

Mrs. Helen Hollenbeck is visiting Mrs. Hutchins at the home of Mr. and Mrs. Emmett Baugher in Hudson avenue, Newark, for a few days.

DR. ZUEBLIN IS ADMIRER OF WILSON

Prof. Charles Zueblin, son of Mrs. Henrietta Zueblin of Locust street, a lecturer of wide repute, a non-partisan who four years ago voted for Roosevelt, declares Woodrow Wilson is the greatest American since Lincoln. The following story is taken from the Cleveland Press:

Dr. Charles Zueblin hunched himself in his chair at Hotel Statler, twinkled his gray eyes, and put it this way:

"Hughes is a nice old gentleman of the nineteenth century—a perfect gentleman. But it was a crime to wrench him from the supreme bench."

"Hughes has given absolutely no evidence of growth since he left the governor's seat in New York. 'I am for Wilson because he has grown, and because he has been federalistic rather than simply Democratic—he has strengthened the national government in a great crisis.'"

Dr. Zueblin is a Boston lecturer and author. In Cleveland he was to make an address at 2:30 p. m. Wednesday on "The Fellowship of the Common Life."

"I'm a nonpartisan," said Dr. Zueblin. "I think parties are dead lumber."

"I lined up with Roosevelt and the progressives because I thought

they had a real vision. But that fell by the wayside.

"Wilson, the greatest statesman since Lincoln, has had to grapple greater problems than other presidents."

NOTED AUTHOR AND REPUBLICAN FAVORS WILSON

Madison, Wis., Oct. 30.—Professor Rasmus B. Anderson, noted author and publisher of "America," a life-long Republican, staunch supporter of Taft four years ago, and the man who nominated Governor Pallip two years ago, came out in a vigorous editorial denouncing the candidacy of Charles E. Hughes and declaring that President Wilson should be re-elected.

This declaration caused a sensation in Badger State politics second only to the recent announcement of General F. C. Winkler, life-long Republican, of German descent, in favor of the President. Professor Anderson is a former Minister to Denmark, an author of several Scandinavian works of note, and was for 17 years Professor of Scandinavian languages in the University of Wisconsin.

"We regard the re-election of Wilson this year equally if not more important than Lincoln's re-election in 1864," his editorial reads. "Mr. Hughes' campaign has been a bitter disappointment even to his closest friends." Denunciation of the activities of the German-American Alliance for its "efforts to defeat the re-election of President Wilson" is also made.

"Were you in any great action during the war?" "Yes. That's the reason there is so little action in me now," said the old soldier who had a wooden leg.—Boston Transcript.

TAKES THE ALARM CLOCK TO WAKEN E. W. MINARD NOW

But He Slept Only Five Hours a Night Before Nerv-Worth Came to the Rescue.

Mansfield is one of the Ohio Cities where Nerv-Worth was recently demonstrated and sales of the remedy have been quickly followed by the inevitable written and signed endorsements. Here is one of that kind, given by E. W. Minard, a well known farmer of Belleville, near Mansfield:

"I want to say something about Nerv-Worth. I have had trouble in getting my rest at night. Could not sleep. Would get about four or five hours' sleep. Tired in the morning when I'd get up. Nervousness, which caused weakness and pains about my heart. Poor appetite, no ambition. I have taken about one bottle of Nerv-Worth. Things are much better with me now. I sleep! Appetite good. Rested in the morning. SLEEP TILL THE ALARM CLOCK GOES OFF—ABOUT 8 HOURS. I'm better in every way. I recommend Nerv-Worth to anybody."

"E. W. MINARD."

25 Years Ago

(From Advocate, Oct. 30, 1891.)
Thursday morning at 6 o'clock a pretty wedding took place at St. Francis de Sales church and the parties to the marriage Mr. Thomas Prior and Miss Mary McWilliams were happily united in wedlock. Miss Catherine Rodgers, cousin of the bride and Mr. John A. Prior, cousin of the groom were the attendants. Judge S. M. Hunter returned yesterday from a trip to Washington. Officer John Laffin, who resides in the West End, had a narrow escape from a horrible death shortly after noon today. He was walking along the track near the Union street crossing when the B. and O. flyer west bound came along he waited until the flyer had passed when he started to get on the track again, when the pilot of Pan Handle No. 6 struck him on the arm and knocked him down.

15 YEARS AGO TODAY.

(From Advocate, Oct. 30, 1901.)
Mrs. William Forgraves of Buckingham street who has been sick for the past three months with typhoid fever has sufficiently recovered to be about again.
Mr. Homer Crammer, formerly a motorman on the Newark and Granville line, has accepted a position with the Licking County Creamery and will run one of the wagons. Mr. Ralph Davis will take up work in the office.
The young ladies of the Epicurean club entertained Thursday evening with a Halloween barn party at the home of Miss Mary Haight.
Ignace Jan Paderewski, of the notable hair is coming to take part in the presentation of his own opera, "Mauri" which is his first work as a composer.

The Newark Athletic Association and company C basketball teams have organized for the coming season. The first game will be played at Hickey's hall Thursday evening.

The World War a Year Ago Today—Oct. 30.

United States naval experts declared that a fragment of metal alleged to have been found on the Hesperian (destroyed on Sept. 4) was a part of a torpedo.
German attacks in the Champagne, described in the French reports as extremely ferocious, were partly successful.

Two Years Ago Today.

Belgians flooded German lines on river Yser and compelled German troops to withdraw.
Turkey declared war on Russia and severed relations with Great Britain.

GOV. CAREY FOR WILSON.

New York, Oct. 30.—Joseph M. Carey, of Wyoming, one of the seven Republican Governors who, in 1912, advocated the election of Theodore Roosevelt on the Progressive Ticket, telegraphed to the Democratic National Committee: "As a Progressive, I am supporting President Wilson."

WHY I AM FOR WILSON

By Ray Stannard Baker
Famous Author and Former Fellow of Col. Roosevelt.

Because I trust him.
Because he is a genuine progressive.

Because he has the new democratic and co-operative view of international relationships.

Because he has been tested and tried in the fire of the greatest events.

Because I believe him to possess the clearest understanding of the true American spirit of any man now in public life.

X RAY MACHINE A HOSPITAL NEED

Editor of the Advocate:

Business Men of Newark, you are shrewd in business affairs and strain every nerve to bring success. You too frequently are careless, to a finish, about yourself physically. You don't give the subject of the preservation of health the same acute attention you do that of your business affairs.

Probably you may later on in life see your mistake. You have a touring car of high power, you ride on every occasion, you walk too little, you eat too much. On a nice Sunday morning you neglect the church for a spin in the country. Your family may accompany you, you are in high spirits and enjoying the ride. Suddenly the car meets with an obstruction, goes into the ditch or overturns. You or some of your loved ones are fastened under the car—help arrives, you are rushed to the hospital. The doctor is called,

he makes a complete examination, then because he cannot determine whether your hip is broken or dislocated orders you to be taken to the X-ray room the only place his diagnosis may be verified. The nurse says we have no X-ray here. Then uncertainty and delay follows, beside the danger of removal to a place where there is an X-ray.

Farmer, merchant, lawyer, doctor, it is up to you to see that no such condition longer exist at the fine new City Hospital of Newark, Ohio. You spend your money without stint for everything except your soul and soul. Why not have a good X-ray in every hospital and a good pipe organ in every church?

If 100 men in Newark and Licking county will give \$25 each, the City Hospital can have a complete X-ray outfit. If there are but 50 well disposed persons they can accomplish the same result by giving \$50 each. Let us start first on the \$25 proposition and if necessary the second. But let us at any rate have all that Science can do for us when misfortune befalls us. The great loved ones are fastened under the car—help arrives, you are rushed to the hospital. The doctor is called,

in health. I will subscribe \$25 towards a fund for the purchase of an X-ray machine for the Newark hospital. S. C. Priest, M. D.

JACKSONTOWN GRANGE.

The Jacksontown grange met Friday evening, with a good attendance.

The Grange team conferred the third and fourth degrees on ten candidates, making a total of nearly two hundred members.

After the degree work, a fine luncheon by a committee of women. A literary program was concluded in the evening.

Rev. Don Tullis, prosecuting Attorney J. W. Horner, Attorney Chas. Flory, Attorney A. S. Mitchell, W. H. Mazey and others spoke during the evening.

Here's Good News for Newark Residents.

Have you a pain in the small of the back? Headaches, dizziness, nervous spells?

Are you languid, irritable and weak? Annoyed by urinary disorders?

Don't despair—profit by Newark experiences.

Newark people know Doan's Kidney Pills—have used them—recommended them.

Here's a Newark woman's statement:

Mrs. Charles M. Price, 152 W. Main St., Newark, says: "I had pains in the top and back of my head and I also had dizzy spells. The kidney secretions were retarded in passage and my feet became swollen. I got tired easily. Different medicines failed to help me until I got Doan's Kidney Pills at the City Drug Store. One and a half boxes cured me. My back is now strong and my kidneys are normal."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mrs. Price. Foster-Milburn Co., Props., Buffalo, N. Y.—Advertisement.

THE HOUSEKEEPER'S PROBLEM.

The housekeeper, if she be a mother of a large family, is weighed down with worries and cares.

When a girl becomes a woman, when a woman becomes a mother, when a woman passes through the changes of middle life, are the three periods of life, when health and strength are most needed to withstand the pain and distress often caused by severe organic disturbances. Many Ohio people testify.

Dayton, Ohio.—"It is a pleasure to recommend Dr. Pierce's Favorite Prescription. It was used for female trouble. I had used other remedies with little benefit. I was dragging around and tired-out but when I had taken several bottles of 'Favorite Prescription' I was much stronger and better. It did me more good than any medicine I ever took. I shall always recommend it and will use it again if I need it."—MRS. NELLIE M. ALLEN, 113 Buckeye St., Dayton, Ohio.

Coshocton, Ohio.—"I used Doctor Pierce's Favorite Prescription and found it a reliable woman's medicine. I used one bottle. It helped me just as I expected and was a benefit in every way."—MRS. C. B. HOWELL, 345 5th St., Coshocton, Ohio.

If you will pay the mailing charge, Doctor Pierce will send you his cloth bound book of over 1,000 pages, newly revised with color plates and illustrations. Everyone should read and have it in case of accident or sickness in the home. Treats of so many subjects in such an interesting manner that knowledge of the human body is quickly and easily obtained by all who read the book. Send 3 dimes (or stamps) for mailing charges to Dr. Pierce, Medical Hotel, Buffalo, N. Y., and enclose this note.

Constipation causes and seriously aggravates many diseases. It is thoroughly cured by Dr. Pierce's Pills. One laxative; two or three a cathartic.—Adv.

GOV. WILLIS

WILL BE RUSHED TO COLUMBUS AFTER MEETING TO SPEAK AT RALLY.

Columbus, G. O. P. Leaders Plan Meeting to be Addressed by Justice Charles Hughes.

(Associated Press Telegram)

Columbus, Oct. 30.—What Republicans say will be the banner meeting of their Ohio campaign, will be held in Columbus tonight with Charles E. Hughes, their Presidential candidate, the center of attraction. Republican state headquarters announced it has received word that delegations from Cincinnati, Dayton, Hamilton, Akron, Canton, Piquette, Delaware, Sandusky and other cities will come for the meeting. Mr. Hughes, accompanied by his wife, will arrive at 7 p. m. from Zanesville and is to deliver his address at 8 o'clock. Before speaking he will review a parade from his quarters in a hotel.

Red fire, a dozen bands and campaign banners galore will appear in the parade. It has been announced. A. L. Garford of Elyria, former Progressive candidate for governor of Ohio, will address the meeting before the arrival of Mr. Hughes. Following the meeting, Ohio leaders of the party expect to hold a conference with the Presidential candidate, who will leave for Indianapolis after midnight.

It was announced today that Governor Willis would also speak at the Hughes meeting tonight. The governor spent Monday in Licking county and has a meeting in Newark tonight, but will be rushed to Columbus by automobile after his Newark engagement to address the Columbus meeting.

Myron T. Herrick was in Clermont county Monday.

Democratic speakers in Ohio today include Secretary of War Baker at Toledo; Secretary of Commerce Redfield at Cleveland; T. H. Hogan at Barberton; A. P. Sandles at Tontogany; former Governor Cox and at Barberton; A. P. Sandles at Montgomery; former Governor Cox and Senator Pomerene at Sidney and Lima.

BAKER MEETING DELAYED.

(Associated Press Telegram)

Toledo, Oct. 30.—Announcement was made at local Democratic headquarters here today that Secretary of War Newton D. Baker, billed to speak here tonight will not come until Friday. A dispatch from Washington was that the postponement was necessary on account of press of business in the war department.

DARING AVIATOR

KILLED; FORTIETH

PEANE SHOT DOWN.

London, Oct. 30.—Captain Boelke, the famous German aviator, during an air fight on Saturday, came into collision with another aeroplane and was killed, according to a Berlin dispatch received by Reuters' Telegram Company by way of Amsterdam. His machine landed within the German lines.

On Friday Captain Boelke shot down his fortieth aeroplane.

A Paris paper on Oct. 18 reported that Boelke had been severely wounded by a shell from a French anti-aircraft gun. Since then, however, Boelke's name has been mentioned in the German official statements and on Oct. 23 he was credited with having brought down his thirty-eighth aeroplane.

HERALD BELIEVES

WILSON WILL GET

331 ELECTORIALS.

Washington, Oct. 30.—The New York Herald's straw vote to date shows Wilson leading Hughes in states which have 331 electoral votes. Only 266 electoral votes are necessary for election.

The states which the Herald gives to President Wilson are Colorado, Connecticut, Idaho, Illinois, Kentucky, Maryland, Michigan, Minnesota, Montana, New York, Ohio, Washington, West Virginia, Wisconsin, and all the South. Even without New York, which the president will carry by upward of 100,000, The Herald shows he would have 286 electoral votes.

"The drift during the week was unquestionably in the president's direction," The Herald says.

WOMEN IN CONSTANT PAIN FROM BURNS

Most housewives are seldom without a burn or two on hand or wrist—always painful, sometimes disfiguring. In spite of the frequency of burns, few housewives are really prepared for them, and continue to rely on inefficient treatments such as flour, sweet oil, and the like—which never prevent pain and continued annoyance.

The most economical, soothing and effective treatment for burns is to apply Hyclorite promptly. The surface should then be covered so as to protect it from the air and the bandage kept saturated with Hyclorite.

Hyclorite will promptly allay the pain, will cause rapid healing, will prevent disfiguring and painful sores. With every bottle are directions for use in treating cuts and wounds, sore throat, and similar evils—for Hyclorite is a most economical and efficient family antiseptic.

Hyclorite is a solution of sodium hypochlorite. A U. S. Government report has been published showing that 130 antiseptics were recently tested in military hospitals of Europe, and sodium hypochlorite is declared by the surgeons to be the most economical and effective antiseptic of them all.

Although many times more powerful than the harmful antiseptics which contain poison, acid, mercury, and dangerous preservative, Hyclorite is even safer than the weak and ineffective peroxide. It is clean and harmless as water—but powerful. Any suggestion of supply Hyclorite in 25 and 50 cent bottles. General Laboratories, Madison, Wisconsin.

Sleeplessness Kills

Sleeplessness drives away beauty and shatters health. It breaks down the strongest and kills energy. One sleepless night works more lasting injury than days of overwork.

Insomnia is Nature's revolt against outrage. The nerves are being tortured and they rebel. Nearly always stomach trouble accompanies it. The whole body is being starved. Nerves and blood and muscle and tissue cry out for food. Dr. Greene's Nervura blood and nerve medicine is the help for this condition. It works wonders and light speedily. Sold by all druggists. EASY TO DARKEN YOUR GRAY HAIR

Try this! Brush Sage Tea and Sulphur Compound through your hair, taking one strand at a time.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to finish and stimulate sluggish kidneys also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

JULIA CULP WILL OPEN COURSE OF THE MUSIC CLUB

In the minds of American concertgoers, the name of Julia Culp, the Dutch hier singer, who will be heard here at the Auditorium theater on December 11th, under the auspices of the Women's Music Club, has come to represent the highest expression in vocal art. This is her fifth season in the United States and her recitals have gained steadily in popularity among those who follow the art of song singing. She was born at Groningen, a little town in Holland, October 6th, 1853. Her mother discovered her beautiful voice when she was two years old. When she was seven years old, her father wanted her to study the violin first. She did, but she did not like it at all. Nevertheless, she was such a good pupil that she often played violin solos in her little town, being then nine years old.

Her voice began to develop when she was ten years old. In school, when choruses were sung, the teacher would not allow her to sing because she sang so loud he could not hear the voices of the other children. She began her singing lessons when she was twelve years old. Her voice was always natural and easy, so she had no trouble with technical things. A real song recital she sang for the first time when she was fifteen years old, in Groningen and in Amsterdam. After those first recitals, she became a pupil at the Amsterdam Conservatory, where she studied with Cornelia van Zanten. When nineteen years old, she came to Berlin, and although she gave her first recital there with great success, she felt that she had so much to learn she stopped giving concerts and studied two years with Etelka Gerster, from whom she learned everything.

It takes more than the law of gravitation to start a man on the downward course.

VIOLENT

DEATH CLAIMS SIX OHIO PEOPLE IN VARIOUS TRAGEDIES SUNDAY.

Two Die When Auto Burns After Turning Over—Another Auto Wreck at Portsmouth.

Columbus, O., Oct. 30.—Violent death claimed six persons in Ohio yesterday and nine other persons are injured as a result of fire and accidents.

The Dead.

Mr. and Mrs. H. O. Walsh, real-estate dealer, Barberton, burned to death.

John L. Stienke, grain dealer, Hardin, killed by train.

Henry Devore, shoemaker, Lancaster, shot, supposedly suicide.

Floyd Fields, Portsmouth, killed in automobile wreck.

Jacob Kaser, Kenton, burned to death.

The Injured.

Helen and Esther Walsh, 14 and 17-year-old daughters of Mr. and Mrs. H. O. Walsh, and Annie Lee, aged 18, friend of Walsh family, seriously burned and hurt.

Mrs. John L. Stienke, probably fatally hurt in auto accident with husband.

Garrett Massie, Hollie Harris and Melvin Ross of Portsmouth, injured in accident with fields.

A. C. Mulholland and Lloyd Haselback, both of Fremont, injured in motorcycle accident.

Thomas McClosky, internally hurt. Hugh Krapp, injured, about head. Miss Fern Clark, cut about head and body. All are residents of Elyria.

Ellis Keyes and Charles Schaeffer of Bryan, badly bruised in auto accident.

H. O. Walsh and his wife lost their life in an accident near Drakesburg, Portage county, when the automobile in which they were riding with their two daughters and Annie Lee, 13 year-old daughter of a friend, turned turtle and was consumed by fire. The adults were trapped in the fire. The three girls were seriously injured by burning and bruises.

Henry Devore was found dead in a creek two miles east of Lancaster with a bullet wound in his head. He is supposed to have committed suicide while despondent. He was 20 years old.

Raymond Rushia, 12 year old son of Mr. and Mrs. William F. Rushia of Lancaster was injured Sunday afternoon in West Main street and his escape from serious injury was miraculous.

The family was visiting Mr. and Mrs. A. J. Ellerman in West Main street and Raymond Rushia accompanied by Frederick Ellerman were going home when they "hopped" a buggy. The Rushia boy caught his foot in the wheel, and his body was wrapped around the wheel several times before the vehicle could be stopped.

He was carried to the office of Dr. P. H. Cosner where it was found the ligaments in the left leg were torn and bruised. He was later taken to the Ellerman home.

Rabbit Hunting Season Opens Next Wednesday

The rabbit hunting season opens next Wednesday morning, November 1—not November 15—and closes on January 1, 1917, inclusive, thus giving sportsmen of Ohio eight weeks of splendid shooting. For reports from all over the state as to the effect that there is an abundance of the animals throughout the state. Quail, pheasants, Hungarian partridges, grouse and Carolina doves are protected until November 15, 1917. Wild ducks can be shot until December 15.

Y. M. C. A. MEMBERS VOTE FOR WILSON BY STRAW BALLOTS.

Cleveland, Oct. 30.—The results of the voting by Y. M. C. A. boys in a mock election in 14 points in Ohio on a straw ballot were announced last night as follows:

For president—Wilson, 1637; Hughes, 1031.

For governor—Willis, 1228; Cox, 952.

For senator—Pomerene, 502; Herrick, 470.

It takes a certain amount of backing to put up a good front.

DIGESTION WORTH HAVING

Good digestion is not appreciated until you lose it. Then you cannot afford to experiment on remedies. Strong medicines are hard on weak stomachs. To be able to eat what you want and to digest it is a priceless blessing. If you have lost it do not be deceived by the claims of predigested foods and stomach tonics, so-called.

There is no tonic for the stomach that is not a tonic for every other part of the body. As the blood goes everywhere, an improvement in its condition quickly results in strengthening weak organs. Rich, red blood is absolutely necessary to digestion. If your stomach is weak and you are troubled with gas, sour risings in the throat, a feeling of pressure about the heart and palpitation, try the tonic treatment with Dr. Williams' Pink Pills.

So many dyspeptics have been helped by this simple treatment that every sufferer from stomach trouble should try it. The Dr. Williams' Medicine Co., Schenectady, N. Y., has issued a booklet "What to Eat and How to Eat" that should be in every home. It gives just the information that you want regarding your diet. The company will mail Dr. Williams' Pink Pills, postpaid, at fifty cents per box or your own druggist can supply you.

Woman Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took \$5.00 worth and in two months was a well woman after three doctors said I never would stand up straight again. I was a midwife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them."—Mrs. JENNIE MOYER, 342 E. North St., Lima, Ohio.

Women who suffer from displacements, weakness, irregularities, nervousness, backache or bearing-down pains, need the tonic-strengthening properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If you want special advice, write the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin, a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and toxins, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

AMUSEMENTS

AUDITORIUM.

"Freckles." Merle H. Norton's company gave two performances of "Freckles" in this city Saturday afternoon and evening, to very good houses, every seat being sold at the matinee and nearly every one for the evening performance. In the afternoon over two hundred freckled children of the city were guests of Manager Geo. M. Fenberg, of the Auditorium. The company gave very good satisfaction.

Howe's Pictures.

Lyman H. Howe's pictures attracted two large audiences to the Auditorium Sunday and a splendid program of travel pictures was given, which included scenes from Hawaii, Spain, Norway and wonderful views of our own West Point military academy. The comic cartoons were also greatly enjoyed.

"Hello Girls."

An attraction of unusual merit is promised at the Auditorium today. The popular "Hello Girls" is the bill and headed by that popular and prince of comedians, Harry Steppe, who is well known to the patrons of burlesque. His name is synonymous of everything good and the assurance of a fast and very laughable performance. He appears as Misfit

counterfeit Earl figure. Miss Wehlen, who is counted one of the best dressed women of the stage or screen, wears many wonderful gowns in "The Pretenders." In a word, this Metro feature has every requisite found in the best class of screen productions.

This, together with the second episode of "The Crimson Stain Mystery," with Maurice Costello and Ethel Grandin, will be shown Tuesday night.

"The Only Girl."

An event that should prove to be of more than general interest is the engagement of the delightful musical comedy success, "The Only Girl," which represents Henry Blossom, as librettist with Victor Herbert as composer at their highest, to be the attraction at the Auditorium theatre Wednesday night.

Among the many distinctions of this delightful work is the fact, that it is distinctly original in its construction, and at every point insists on getting out of step with that interminable line of entertainment called musical comedy, whose chief aim seems to be that it shall not differ in any conspicuous way from all the others that have preceded it.

Its story tells of a librettist who

describe how funny it really was. These reviews were echoed in the out-of-town press, so that "Fair and Warner" needs now no further introduction.

Selwyn & Company send it here with an admirable company of farceurs. A matinee will be given and at night the election returns will be read.

Local Pathe Pictures.

Mr. Fenberg always on the alert for features for his patrons, besides booking the exclusive showings for the Auditorium only of Mary Pickford in "Less than Dust," and all of her later productions, also the Clara Kimball Young features, now will show on next Friday the picture taken here some time ago of Congressman Wm. A. Ashbrook, giving Mrs. Mary Lovejoy the first Ashbrook widow pension given to anyone in the United States. This will be seen in Pathe's Weekly, which is an added attraction with Virginia Pearson in the Fox Feature Photoplay, "The War Bride's Secret."

ALHAMBRA.

The tense dramatic interest that makes the new Morocco-Paramount photoplay, "Her Father's Son," such a wonderful production has delightful high-lights of humor and comedy.

The perplexities and tangles of Vivian Martin's double role of the girl, who masquerades as "Her Father's Son," the antics and "nigger" actions of the colored folks, and best of all the marvelous way in which a picaninny consumes watermelon, all these pleasant incidents but serve to emphasize the charmingly told love story of the Old South, coming to the Alhambra theatre tonight and tomorrow.

"The Dark Silence," a picture of unusual interest and timely action, featuring Clara Kimball Young, will be the attraction at the Alhambra theatre on Wednesday and Thursday. This picture was directed by Albert Capellani and is released on the World Film Program. Its scenes are laid in France and the Anglo-French battlefields and unwind a deep romance between a man and woman strangely separated, who, after years of mental torture, come face to face with each other after a series of most trying circumstances. It is a typical Clara Kimball Young picture, and all who love this popular star will see her at her best.

GRAND THEATRE.

The Yellow Menace.

Maxwell Judson, a famous inventor, has perfected a new explosive in quadrinoline. He is also a student of the occult, and is easily led to consult a mystic named Anola Khan, who is none other than Ali Singh. Judson thus falls into the Asiatic's hands, and is tortured by losing his blood, a drop at a time, until he reveals the secret of his invention. Hong Kong Harry is also punished, for trying to shield Nalla, by having his opium withheld, and Margaret Branson is released after being doped to forgetfulness, this being a ruse to disarm Manning, who is nearly killed by a bomb in his house, which does literally make an end of Judson when that unhappy man is sent home. See it at the Grand on Tuesday.

KOZY THEATRE.

Manager Welch of the Kozy theatre in East Main street announces he is ready for the opening of his theatre tonight. The curtain will be raised at 7:30 o'clock. He will offer Gracys Colonial Maids in the "Follies of Broadway," which includes "everything from rag-time to opera" and everything in the way of vaudeville novelties, including musical act, singing and dancing acts, clever comedians, fancy dancers, sister teams, quartette, and many other novelty features leaving no room for comment as to lack of variety. The comedies presented are clean, classy, refined, produced correctly and with special music and elaborate wardrobe, an entire change of everything being made with each change of performances which will be entirely different, Monday, Wednesday and Friday. Matinees will be given daily at 2:30. Prices 10 and 20 cents.

SYMPHONY ORCHESTRA. Styles change in the manner of presenting great musical compositions, whether they be for violin, piano or orchestra. The soloist not so long ago almost always read from his music and orchestral directors who in the early days, directed their men from a seat at the harpsichord. Later they led with the violin bow, while holding the instrument. It is said that Mendelssohn was the first to adopt the baton and great comment was caused thereby. It was a few years ago that Safonoff, the Russian conductor of the New York Philharmonic, dispensed with the baton entirely, to the joy of the commentators. At last came Teacupini with his tremendous feats of memory and scores of conducting and timing like feats. Leopold Stokowski, the talented young conductor of the Philadelphia Orchestra, has made it a practice for many years to conduct from memory and there will be no music on the stand and when he leads his orchestra at the Columbus Memorial Hall, November 20th, the second concert in Miss Kate Lacey's new famous Quality Series. The single seat sale will begin November 17th. Mail orders will be filled according to the date of receipt. Box office 35 Chamber of Commerce.

HARTMAN THEATRE.

One of the most interesting engagements of the Columbus theatrical season will be the appearance at the Hartman Theatre on Thursday, Friday and Saturday, Nov. 9, 10 and 11, with matinee Saturday of an excellent company presenting "Common Clay," one of the greatest dramatic successes of the season in New York. Everyone will want to see this powerful work of Cleve Kinkead, which caused such a stir in New York that the Republic Theatre was filled to its capacity limits at every performance for an entire year. Mail orders for seats for this unusual engagement will be received now at the Hartman, and returned

"The Melting of Molly."

At the Auditorium next Saturday evening, Mr. Frederic McKay, will introduce that widely popular American comedienne, Miss Irene Franklin and a carefully selected company in what he is pleased to announce as one of the best if not in fact, an actually superior play, a comedy in three acts, with songs, and suggested by the fascinating story, "The Melting of Molly," by Maria Thompson Davies, and made into stage form, as Mr. McKay claims, with all the elements of a decidedly delightful comedy.

During the action of the play Miss Franklin will sing some of her latest songs and Mr. Burton Green with the special orchestra carried by the company, will introduce some musical numbers of the highest order. "The Melting of Molly" comes to the Auditorium Saturday, matinee and night.

"Fair and Warner."

Selwyn & Company will present their extraordinary farce success, "Fair and Warner." Avery Howard's topmost achievement in north making, at the Auditorium on Tuesday, Nov. 7th.

This delectable bubbling farce, with uncountable laughs in its three acts, ran so long and so profitably at the Eltinge Theatre that before the end of its first six months, it had been heralded all over the country as the farce-hit of its decade, and demands for its out-of-town presentation had poured in to insure its welcome when Selwyn & Company should send it on tour. New York critics held a tournament of adjectives over "Fair and Warner," each striving for emphasis to

If a sinister, leering, pitiless man, a demon in human guise had you at his mercy. If you knew for a certainty that nothing but your life would feed his revenge. If you felt caught like a rabbit in a bear trap, with no way out. Then you would face the same problem that a clean powerful young man faces in this the Second Great Episode of

DENISON SUBS USED SATURDAY; AN EASY VICTORY

Granville, Ohio, October 30.—With Coach Little of Miami an interested spectator on the side lines, Denison put in a substitute team against Ohio Northern here Saturday and had an easy time winning 19 to 0. Brock made the first touchdown after receiving a forward pass, Denison having run a series of plays for an advance of 75 yards before the game was three minutes old. A little later the same thing happened again, putting the count at 13 to 0.

No more scoring was done until the third quarter when Sperry drove through the middle of the line for a 15 yard gain and an additional six points. Frasch, Decker and Rupp were in the game during the first quarter and 20 and 30 yard gains were frequent. Barnshaw, Jenkins, Reynolds, Cook, Moody and Stager all played well for Denison and Brooks and Field did the best for Northern. Lineup:

Denison O. N.
Harper, l. e. Kowals, l. e.
Reynolds, l. t. McNally, l. t.
Frasch, l. g. Mannion, l. g.

BARRACKS

TEAM WINS FROM MACKS BY SCORE OF 23 TO 6 IN SUNDAY'S GAME.

Rough Tactics And Work of Columbus Officials Criticized by Fans and Players—Stars Were Missing.

Despite the fact that they were outweighed and short five of their star players, the McDaniels football team yesterday at Columbus, gave the Barracks team a hard fight.

Bowser, Clayton, Claytor, Williams were the players missing from the Newark lineup. John McCarty, American Association ball player, performed at full for the locals and was one of the bright lights of the contest.

According to reports brought back from Columbus last night, by Manager McDaniels, his players and the fans who accompanied the team, Newark had little chance to beat the Columbus team on account of the work of the Columbus officials and the rough tactics of the soldiers.

Stinging under the defeat of a week ago in this city, the Barracks team was all set Sunday. The team was able to throw fresh men into the game who "roughed it" for a few minutes and then retired in favor of another player.

After trying to keep the Newark official, Koblen, out of the game, the management of the Barracks team

then tried to break his contract with Manager McDaniels and by refusing to pay the Newark's expenses, as per contract.

The locals don't need an alibi for losing when they are beaten in a sportsmanlike manner. But an alibi is very apropos when Newark athletes journey to the Capital City.

Probably the best way to get a line of the Columbus sport promoters is that fact that Columbus football teams, base ball teams, boxers and wrestlers, seldom ever lose a contest in Columbus,—but take them away from their home crowd and they are easily disposed of. With possibly one exception, Columbus gridiron teams have suffered defeat in all out-of-town games this season, but at home, they usually are the victors.

Newark fighters on numerous occasions have been handed shady decisions in the Columbus roped arena and then after the exhibition have had to fight to get the small pittance for their efforts. Newark base ball teams also have lost many decisions on Columbus ball diamonds.

Every local athlete in any line of sport who has gone to Columbus to engage in a contest, has returned home with the report of trying to be double-crossed.

The Columbus Panhandles, the pride of Columbus, took their rough tactics and over bulk some team to Canton Sunday, but they could not defeat Jim Thorpe's team, which proved it could also pull the rough stuff. Canton fans, if the two teams ever meet in Columbus, can get odds of 2 to 1 that Jim Thorpe's crew, will never triumph over the Panhandles on their home grounds.

Some time in the future the Barracks may be induced to play a game of football with the McDaniels team on neutral grounds and if they do, there will be plenty of Newark money to back the locals.

FITZ TEAM GETS TIE SCORE WITH RAUSCH EMPIRES

In an exciting game featured by a sensational finish, Fitzsimmons and Rausch's Empires, battled to a 14-14 tie, Sunday afternoon at Wehrle Park.

During the first three periods the Columbus team ripped the Newark line to pieces with cross bricks and straight line plunging with Kaiser and Dailey carrying the ball. They scored in the first quarter when Cummins intercepted a forward pass and returned the ball to Newark's ten yard line. Here Newark was penalized for off side and on the next play, Cummins went over for the touchdown. He then kicked goal.

There was no more scoring for the rest of the half, as the Newark defense stiffened and stubbornly resisted the Empires' advance.

At the start of the second half McCarty kicked off 50 yards to Dailey who returned 20 yards. By means of the forward pass and a twenty-yard end run by Dailey, they scored their second and last touchdown. Cummins kicked goal.

Apparently doomed to go down in defeat the Fitz. team began the last quarter with that old or die spirit which has carried them through to victory on several former occasions.

With the entire backfield working like clockwork, they ran the ball 60 yards down the field. A. Dennison going over for the touch down. J. Dennison kicked the goal.

With but six minutes to play left, the Fitz. team opened up their forward pass offensive completing 5 out of 6 passes which placed the ball on Columbus' 2 yard line. McCarty took it over on a beautiful end run. McManus kicked out to Hinger, and Joe Dennison kicked the goal from a difficult angle which tied the score.

For Fitzsimmons, McCarty was the bright particular star. Gilmore, McManus, A. Dennison and Hinger also put up a sterling game.

For Columbus, Cummins, Dailey, Kaiser and Donahue featured.

Frank's Hatter's Lose Sunday In Coshocton Game

Although outweighed 15 pounds to a man, the Frank Hatters football team, yesterday at Coshocton, held their heavier opponents to small score, losing 13 to 0. Young and Scott featured for the Hatters.

Coshocton fans swarmed about the Hatters after the game complimenting them on the excellent game played against big odds. The management of the Coshocton team immediately signed for a return game on November 26. The lineup:

OHIO STATE IS PREPARING FOR WISCONSIN GAME

ASSOCIATED PRESS TELEGRAM
Columbus, Oct. 30.—The Ohio State University football team, the baby of the Big Nine, today began a week of strenuous practicing in preparing for its hardest game of the season with Wisconsin here Saturday.

Should Ohio State win this game, it would be in line for championship honors as it already has defeated Illinois Wisconsin last week defeated Chicago.

A big new discovery in cigarette blending

The big thing about Chesterfields is their unique blend. The *Chesterfield blend* is an entirely new combination of tobaccos. This blend is the most important new development in cigarette making in 20 years.

As a result, Chesterfields produce a totally new kind of cigarette enjoyment—they *satisfy!* Just like a "bite" before bedtime *satisfies* when you're hungry.

But with all that, Chesterfields are *MILD*, too!

This new enjoyment (*satisfy*, yet *mild*) comes ONLY in Chesterfields because no cigarette maker can copy the *Chesterfield blend*.

STRAW VOTE FAVORS WILSON

New York, October 30.—The New York Herald's straw vote to date shows Wilson leading Hughes in states which have 331 electoral votes. Only 266 electoral votes are needed.

The states which the Herald gives to Wilson are Colorado, Connecticut, Idaho, Illinois, Kentucky, Maryland, Michigan, Minnesota, Montana, New York, Ohio, Washington, West Virginia, Wisconsin and all the south. Even without New York which the president will carry by upward of 100,000, the Herald shows he would have 286 electoral votes.

"The drift during the week was unquestionably in the president's direction," the Herald says: "Columbus, Oct. 30.—The Dispatch's poll of Oct. 29 to date: Wilson 34,445; Hughes 2,241. Buffalo, Oct. 30.—The Courier's poll to date: Wilson, 10,470; Hughes, 7,556."

THOUSAND ON POMERENE.
Columbus, Oct. 30.—A thousand dollars on the election of Senator Pomerene was posted yesterday by J. C. Breitenstein in the hands of Claude Meeker. The money was placed by a friend of Pomerene on the strength of reports received from every precinct in Ohio.

LECTURE COURSE TONIGHT.

Getting It Right.
Harold, aged four, was trailing the distance of many blocks with his father to Sunday school, and the long tramp was almost too much for him. The father, glancing back, noticed the small boy's fatigue, and slackening his pace asked:

"Am I walking too fast, son?" "No," returned the small boy, puffing and panting breathlessly, "it's me, papa."—Exchange.

NOTICE OF APPOINTMENT.
Assignment of Michael Moore and James P. Jones has been duly appointed and assigned to the office of the Probate Judge of the County of Licking, Ohio, to act as such judge in the absence of the Probate Judge, and to receive and disburse the same. Dated this 19th day of October, A. D. 1916.

MR. HUGHES TO VISIT NEWARK AT 6:00 TONIGHT

The special train bearing Charles E. Hughes, Republican candidate for president, from Zanesville to Columbus where he speaks tonight will pass through Newark about 6:00 o'clock tonight. The train leaves Zanesville about 5:00 o'clock and is transferred to the Pennsylvania main line at Trivway.

He is due in Columbus at 7:00 p. m. The meeting there is announced for 8:00 o'clock. It will be Mr. Hughes' first visit to Newark. Republican headquarters this afternoon did not know positively that Mr. Hughes would pass through the city. As far as is known, the train will not stop here. No arrangement has been made for a meeting at the train.

Tonight at the Music hall Governor Willis and Attorney General B. C. Turner will address a Republican meeting at the Music hall.

Wife And Stepson Held For Murder of Fernwood Man
Steubenville, Oct. 30.—Charged with the murder of Edward G. Glenn, wealthy farmer of Fernwood, Jefferson county, Mrs. Mary Glenn, 38, his wife and Wm. Turner, 21, his stepson were arrested at Irondale, Missouri, Sunday and are enroute back to this city in the custody of County Detective Edward Lucas. The accused wife and son fled from Fernwood shortly after Glenn disappeared more than three months ago. Glenn's remains, which had been buried in a cornfield were unearthed by hunters one week ago. The farmer had been murdered and his body tossed into a shallow grave. A shotgun, said by officers to be Turner's was found near the body.

SEN. JAMES SAYS NO WESTERN STATE IS FOR HUGHES.
Washington, Oct. 26.—Senator Olmstead, M. James of Kentucky, who has spoken in every state that is regarded as fighting territory, yesterday said:

"I think Ohio is a cinch. I not only think I know—that Ohio is on fire for President Wilson. He will carry Ohio by a tremendous majority and Senator Pomerene and Governor Cox will be elected. No matter what they say about Indiana, that state also is in the Wilson column. It is going Democratic and two Democrats in United States senators. I don't know of a state west of the Alleghenies that I could say is certain for Hughes."

James conceded to be the leading speaker for the Democrats, except, of course, President Wilson.

Victims speak louder than words, but a man may also be judged by the things he doesn't do.

SHOES That Please Them All

To be always fair we use unusual care in both the fitting and featuring shoes for women, men girls and boys; all ages receive all attention here, no detail is neglected because no detail is too small to be overlooked. This is a store of true service—a family service whose worth has been tried, tested and trusted for many years.

No novelty is too new for us to show in shoes, no smartness too "smart," no foot form lines too correcting in shoes for every member of the family. We're here to place you all.

Employers Seek Help From the New C. of C. Department

The Chamber of Commerce employment bureau is receiving requests to furnish employees of varied occupations from commercial and industrial establishments. Two merchants telephoned that they are in need of saleswomen. One of the positions is for a woman of some experience while the other is adapted for a woman or girl of intelligence with not much experience but who is willing to learn.

A manufacturer telephoned that he wants an apprentice boy of 15 who will show some aptitude in learning the trade. The bureau can find places for all sorts of skilled workmen and common laborers.

The names of all applicants for positions are being placed on cards in a filing case for ready reference. Sometimes it is possible to find immediate employment, particularly where the applicants have some special training. In other instances it is necessary to wait until the right opportunity offers itself.

The office attaches of the chamber get in touch with various manufacturers, merchants and others by telephone when applicants are registered and the latter are given letters to employers which insure them instant attention.

With the proper co-operation from the public, this free service of the Chamber of Commerce can be developed into a very valuable community function.

FELL FROM HORSE; IS SEVERELY HURT.
When the barrier broke, permitting him to fall while climbing on a horse, Sunday afternoon, Clarence Spicker, 15, of near Frazersburg, was rendered unconscious for several hours. He awoke on his head. He is the son of Mr. and Mrs. Wilbur Spicker. He was bringing a horse in from pasture when the accident occurred.

WRESTLING FANS WANT SOME SEATS FOR WHOLE SEASON

Paul Bowser, world's middle-weight wrestling champion, is a busy man these days. Paul is working overtime getting his preliminary card arranged for his bout Thursday night with Charles Metro, the Terrible Turk of Boston, Mass., and at the same time get into the best of condition for the battle.

Metro is considered one of the toughest propositions in the light heavyweight class and Bowser is taking no chances. Paul has been doing road work for the past week, and this week will get down to "gym" work.

Vance Wallace, John Heckleberry and Eppie Freiner, the trio who last year conditioned Bowser for his bouts, will again be in the harness with the champ. In addition to assisting in training Bowser, these three local grapplers will be Newark's big bet this season in the many proposed inter-city amateur matches.

Bowser has received a number of letters and telegrams from some of the larger cities asking for inter-city matches and as soon as the local team can be whipped into shape again, the fans will have another opportunity to see the pupils of Bowser in regular championship bouts. Medals will again be given the winners in their particular classes and insuring plenty of interest in the tournaments.

A great many fans today were making arrangements to secure their seats for all the wrestling bouts this season, which indicates that the sport will be more popular this year than last. Women will be catered to again at the matches, which news will be heartily endorsed by about 600 women wrestling fans in the city. And this number will in all probability be increased considerably when the wrestling season opens.

The tickets for the first show will be placed on sale today or tomorrow. The same standard prices will prevail at all the matches.

Gen. Coxey Asks Voters Here For Their Support

General Jacob S. Coxey, he of "Coxey's Army" fame, and at present independent candidate for United States senator from Ohio, was a visitor in the city Sunday at noon and delivered a short address from his automobile, to a crowd which assembled in front of the McDaniel restaurant. The General outlined his policies, predicted his election and promised great things for the country in case the people chose him as their representative. Gen. Coxey is touring the state in style and travels in his high-power machine with a secretary and campaign manager.

SEASON IS CLOSED BY YACHT CLUB

The Buckeye Lake Yacht club celebrated the close of navigation Saturday evening at their club house at Buckeye Lake, over 100 bold mariners being in attendance. A splendid 7 o'clock dinner was served by Caterer McDaniel and it consisted of things dearly loved by the sea-faring guests. The cuisine was excellent and the service was of the best. The Noble Order of Salts also had their annual conclave, and the Porch Fleet put up for the season while the skippers and engine drivers made arrangements to hold fortnightly meetings throughout the winter in anticipation of an early opening next spring. Short talks were made by a number of the messmates and everybody present had a most enjoyable time. The Yacht club has had a very successful season and will no doubt enjoy even a more prosperous one next year. Outlines for increased activities will be discussed at the far social to be held in the near future.

NEW PASTOR AT BAPTIST CHAPEL PLEASED MEMBERS

Sunday morning at the South Side Chapel, Third and Pataskala streets, the pastor, Rev. Arthur E. Cowley, spoke to a good crowd on the subject, "Why the Churches are Empty." At 7 p. m. the pastor's subject was, "Dangerous Neutrality." The people of the south side are responding well to the church. The Sunday school and congregation continue to rapidly increase. Tuesday evening the church will hold a Hallowe'en social at 7 o'clock. A good program has been arranged and refreshments provided. Admission free.

The Courts

Justice Jones' Court.
George L. Robinson, Jr., aged 17, and Anthony Campbell, about the same age, were taken into custody in the Cherry Valley Saturday afternoon by Constable Emmet Forgraves, charged with killing rabbits out of season. The former young man had a license but the other one did not. Mr. Forgraves was driving through the country on other business when he ran across the boys. Justice Jones turned them over to the juvenile court.

Fined by Justice Jones.
Oscar Martin, charged in an affidavit by Waller V. Wortman, with taking a bicycle belonging to the latter, was given a hearing in Justice Jones' court this morning and made restitution to the owner of the wheel. Justice Jones then fined him \$10 and costs.

Common Pleas Notes.
Army and Navy Magazine vs. O. A. Scheidler. A suit brought to recover upon an account. The motion filed to strike the petition from the files was overruled.

Carl Simpson vs. City of Newark. A suit brought to recover for services. Some time since the Ohio legislature passed an act providing that eight hours should constitute a day's work, the act giving to cities and municipalities two years within which to arrange matters so that employees would only work eight hours a day. This city failed to do this in reference to plaintiff and he was compelled to work 12 hours a day, and he brought the suit to recover for the extra four hours a day. The case was submitted to the court upon an agreed statement of facts, and the suit was decided in favor of Simpson.

The court made an assignment of civil cases, to commence after the conclusion of the criminal term, which will commence November 13.

Auto Goes Over Embankment; Two Women Bruised

A machine belonging to a party from Zanesville went over an embankment at Pataskala Sunday afternoon about 2:00 o'clock. No serious injuries were suffered, two of the women in the party being slightly bruised.

The driver was approaching the crossing and in watching a train got too near the edge of the road and the machine overturned. Passing autos took the party in their machines.

TRAFFIC BUREAU ORGANIZED; NAME LIST OF OFFICERS

The traffic committee of the Chamber of Commerce, at a meeting Saturday night organized a permanent traffic bureau, electing as officers, Walter M. Julian, manager of the Wyeth-Scott company, chairman; Frank Sprague, traffic manager for the A. H. Heisey company, vice chairman; C. M. Wood, traffic manager for Fleek & Son, secretary.

The bureau is composed of 11 members who for the past several weeks have been engaged in the study of traffic conditions in some of the larger cities in the United States. The fundamental traffic conditions are being studied now and at a meeting tomorrow night, Chairman Julian will announce a tentative program of activities.

Officers of Pomona Grange held a meeting in the Chamber of Commerce Saturday afternoon to discuss arrangements for the handling of the Ohio State Grangers convention to be held here, December 11 to 15.

It is expected the convention will bring to Newark over 2000 grangers. Licking county enjoys the honor of being one of the biggest if not the largest grange county in the state.

The grangers convention was secured by the old merchants association, but since the organization of the Chamber of Commerce, this organization will co-operate with the entertaining committee to take care of the visitors.

OIL WAGON STRUCK BY PENNSY TRAIN; DRIVER BADLY HURT

Sheldon B. Spurrier, aged 47 years, 24 Holiday street, driver for the Freedom Oil company, today was in a serious condition at the City hospital, the result of injuries sustained late Saturday afternoon when his wagon was struck by a Pennsylvania train, east of the city.

Mr. Spurrier suffered fractures to the right hip and right leg and a number of bruises to the body. The horses escaped injury and the wagon was only slightly damaged.

The accident occurred at Hughes' crossing, east of Walnut's green house, as Mr. Spurrier was returning to Newark after making some country deliveries. The train struck the rear end of the oil wagon, throwing Mr. Spurrier alongside the tracks.

Bazler's ambulance was called and made a hurried run to the scene of the accident and removed the injured man to the City hospital where he was attended by Dr. P. H. Cosner. According to attaches of the hospital Mr. Spurrier spent a restless night, suffering considerable pain from his injuries.

Compton's Widow is Recovering From Illness

Mrs. R. L. Compton, widow of R. L. Compton, who was killed in the Hulsizer auto accident east of Columbus a week ago Saturday, is reported as recovering slowly from a nervous illness which she suffered shortly after the accident. She is now at the home of her sister in Parkersburg, W. Va. Mrs. Catherine Liscomb of East Church street in this city, has just returned from a visit with Mrs. Compton. She was also in attendance at the funeral of Mr. Compton, which was held at Belpre, W. Va.

Two Freaks of Nature.

Two contrasting freaks of nature are the Island of Fire and the Lake of Snow. The Island of Fire is called the Home of Hot Devils. It is situated in the midst of a large lake of boiling mud in the island of Java. The steam and gases which arise from the sticky mud form themselves into bubbles attaining a diameter of five or six feet and sail high up in the air like balloons, carried hither and thither by the wind and finally exploding with a loud crash.

The biggest snow lake is seen from the summit of Hispar pass, in the Karakoram range. It is more than 300 square miles in area. In Switzerland the sea of ice might better be called the sea of snow, as the surface is broken up by solar heat, which makes a minute fissuring in the ice, giving it the appearance of snow.

MRS. HULSHIZER DIES OF INJURY IN AUTO WRECK

Mrs. William M. Hulshizer died at Grant Hospital at Columbus at 11:05 o'clock last evening from injuries which she received in an automobile accident near Columbus early Saturday morning, Oct. 21, when she suffered a fractured ankle and other body bruises.

Mr. and Mrs. Hulshizer and daughter, Miss Neva, aged fourteen, and Mr. and Mrs. Robert L. Compton had started for Oxford, O., to visit Miss Josephine Hulshizer, daughter of the former, and when near the Columbus Country club, the automobile, driven by Mr. Hulshizer, turned over pinioning Mr. Compton under the car and killing him instantly.

Mrs. Hulshizer was the only other occupant of the car to suffer serious injury and she was taken to Grant Hospital. The extent of her injuries could not be determined for several days but friends were informed that she was doing as well as could be expected. The announcement of her death comes as a great shock.

The body was brought from Columbus this afternoon and funeral arrangements will be announced later.

The Lady and the Dishrag.

When a woman declares that she "feels like a dish rag" she is dragging herself down to the lowest level of still life. We doubt not from the personal appearance of that lady article of domestic utility that if any life existed at all in said rag it could not possibly fall lower or feel meaner. However, woman should never offer herself in comparison with so degraded an object for the simple reason that mankind spurns the dish rag most vehemently, and as woman exists solely for man she should not seek to lower herself in his esteem. When a rag takes up its duties in the dishpan it has reached the tag end of abandoned hope, the climax perhaps of a merry life. A dish rag might have been a lovely lady's hose in its palmy days adorned by a silken garter and surrounded by costly lingerie. But it is not of its past that I speak. It is of its present social standing, its vulgar environment and its utter self abandonment. 'Tis true that you may feel fatigued to a limp and lumpy degree, but never can you feel so utterly wretched and beyond redemption as a dish rag.—Zita in Cartoons Magazine.

Boys Thought He Wore Wrist Watch; He Was Annoyed

A sweet young male voice called police headquarters Saturday evening and wanted an officer to come to his assistance on the public square immediately or there would be something dreadful happen.

"What's wrong," inquired Chief Sheridan.

"Thom horrid boyths are molesting me and making intuluting insinuations," the sweet voiced one replied.

Little attention was paid to the complaint and about 10 minutes later the owner of the voice skipped in the patrol station and confronted the dominions of the law.

"Thay, do I get protection or not?" was the query fired at the chief.

"There are thum of my tormentors outside now and I want them arrested," said the young man as he pointed to a crowd of young girls standing in front of the station and whose giggles could be plainly heard inside the station.

"Well, what did they insinuate against you?" the chief asked.

"They said I was wearing a wrist watch—and I'm not," was the reply from the unprotected one.

The last seen of the persecuted one he was skipping down the street with his tormentors in close pursuit.
